

# Letter of Support for the Wounds Canada Skin Health Program for Personal Care Providers

*Ontario Ministry of Health Funded Wounds Canada Skin Health Program (SHP) for unregulated healthcare providers [Personal Support Workers (PSW)] in the Home and Community Care sector.*

This letter is to acknowledge the commitment of our facility to PSWs on our staff who are accepted into the Ontario Ministry of Health funded educational program offered through Wounds Canada SHP for unregulated healthcare providers. We are grateful for this initiative to improve wound outcomes within our organization and build skin health and wound care capacity within our team.

We are prepared to provide support to: (name of staff member)  
who is a PSW currently employed by (name of hospital)  
to apply to the Skin Health Program for Personal Care Providers and are fully prepared to support them throughout the program if accepted.

We are aware the program will commence in August 2026 and will run until October 2026. We have reviewed the requirements, including the 15 hours (approximately) to complete 11 interactive online modules, 1 mandatory live webinar, breakout room discussion on skin health and wound prevention and one final exam to test knowledge. We also acknowledge that the above-named applicant may require time off to engage in and complete the program.

Please accept this letter as our acknowledgment of the requirements and our approval and support for the above-named applicant to participate in the program.

Sincerely,  
Applicant Sponsor
