Q7 Did you perceive any commercial bias in any parts of the conference?

Answered: 123 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	2.44%	3
No	97.56%	120
TOTAL		123

#	IF YOU RESPONDED "YES" PLEASE COMMENT:	DATE
1	in the sponsored presentations of course	10/23/2021 5:58 PM
2	Of course there was bias,this conference is to promote the products	10/23/2021 5:01 PM
3	Of course there was bias with the sponsored sessions. But is was all disclosed.	10/22/2021 5:38 PM

Q8 Describe what part of the conference activities were most useful/effective for enhancing your professional practice:

Answered: 123 Skipped: 0

#	RESPONSES	DATE
1	Product descriptions and testimony	11/15/2021 2:32 PM
2	presentations from professionals in their field.	11/5/2021 8:53 PM
3	I enjoyed learning about the topics pertaining to new products available and the breakdown of how they work compared to others, the booths/exhibits with the brochures/panphlets/informative documents that could be added to your bag to take to review in the future.	11/5/2021 1:55 PM
4	NA	11/5/2021 10:02 AM
5	all	11/3/2021 4:04 AM
6	different topics that were presented eg burns, quality of life, empowerment	11/2/2021 10:01 AM
7	Case studies	11/1/2021 5:38 AM
8	Db foot	10/29/2021 6:21 PM
9	There is no part of the conference that is not useful,all content was good.Types of dressings and implementing them was most useful for me	10/28/2021 9:11 AM
10	Seminars were great. A little more lee way time to go into the sessions would have been better to accomodate for technology (i.e. not starting the presenters RIGHT on time but letting everyone click on and maybe delaying 2-3min). Maybe an extra 5-10min in the morning to visit the booths. I tried to direct message some of the speakers on the chat boxes but their names didn't come up.	10/27/2021 5:13 PM
11	the presentations	10/27/2021 2:58 PM
12	Product / vendor presentations, and case studies.	10/27/2021 10:45 AM
13	Almost all related to diabetes foot and ulcer	10/27/2021 9:29 AM
14	Vendor booths	10/27/2021 9:16 AM
15	Using doppler sounds to r/o PAD	10/27/2021 8:50 AM
16	exhibit booths	10/27/2021 8:26 AM
17	All was useful	10/26/2021 6:43 PM
18	I loved all talks, especially the equity and access to wound care, patient empowerment, use of telehealth during pandemic and after, mental health and advances therapy with skin substitutes.	10/26/2021 6:08 PM
19	All presentations were informative.	10/26/2021 5:29 PM
20	Wound product information and treatment of diabetic foot ulcers	10/26/2021 5:28 PM
21	It was all great. I appreciated the mix of academic sessions and industry-sponsored sessions.	10/26/2021 5:23 PM
22	Mental health and chronic wound	10/26/2021 5:19 PM
23	All	10/26/2021 4:44 PM
24	I enjoyed the pace of the speakers, one stop shopping for surveys & evals. I liked the set up for the posters, and zooming around virtually.	10/26/2021 4:21 PM
25	All	10/26/2021 3:44 PM

2021 Wounds Canada National Fall Conference: Overall Survey

26	Some of the sponsored sessions were great to obtain deeper knowledge of specific products - but I found the Complex Wounds (burns, factitious ulcers & gender affirming surgery) was the most interesting session	10/26/2021 3:19 PM
27	na	10/26/2021 3:18 PM
28	Sessions were very informative and booths had lots of useful info	10/26/2021 11:24 AM
29	All presentations were excellent. Posters are beneficial as most up-to-date info. It was especially nice to break up actual wound photos/care with the lectures regarding exercise and nutrition. Well done.	10/26/2021 7:43 AM
30	Was really interested in the vascular and lower limb	10/25/2021 10:14 AM
31	I enjoyed the key note speakers. Data collection for wounds now has a whole new meaning for me.	10/24/2021 8:01 PM
32	lectures	10/24/2021 6:34 PM
33	Saturday and sunday, diabetic foot and preservation limb	10/24/2021 6:00 PM
34	Vascular surgery	10/24/2021 12:39 PM
35	learning about new product applications and limb saving info	10/24/2021 8:29 AM
36	sponsored lectures	10/24/2021 8:26 AM
37	The entire conference was very informative! A lot of the diabetic foot care topics pertain to my workplace which was helpful interesting to expand my knowledge on.	10/24/2021 8:20 AM
38	Lectures and posters	10/24/2021 8:06 AM
39	The talks and posters.	10/23/2021 9:40 PM
40	individual lectures all referenced or provided excellent details as to research involved in products discussed. case studies were very informative	10/23/2021 8:12 PM
41	I enjoy all the sessions, but Solutions to malnutrition, trends in diabetic foot ulcers were very interesting and would enhance my practice	10/23/2021 6:55 PM
42	Exhibit Hall and Lounge	10/23/2021 6:21 PM
43	Understanding what products do and how they work	10/23/2021 6:18 PM
44	sessions, discussion forum and exhibit hall	10/23/2021 6:12 PM
45	every topic was useful and effective in its own way	10/23/2021 6:11 PM
46	The discussion of ABPI and new alternatives.	10/23/2021 6:10 PM
47	listening to lectures	10/23/2021 6:10 PM
48	Confirmation and update on wound care best practice.	10/23/2021 6:09 PM
49	all aspects have had a positive affect	10/23/2021 6:07 PM
50	Diabetes foot care, wounds and care, patient compliance and resources.	10/23/2021 6:01 PM
51	Case studies with outcomes	10/23/2021 6:01 PM
52	the round table discussions were interesting. the most interactive talk was with Cindy and Christine Murphy. i found that to be very engaging.	10/23/2021 5:58 PM
53	Promoting autonomy, empowerment and self-management in patients with wounds	10/23/2021 5:57 PM
54	Case studies	10/23/2021 5:56 PM
55	Great info on products, will use alot of the info in my practice, great opportunity for education to my peers	10/23/2021 5:56 PM
56	Panel discussion and some sponsored sessions	10/23/2021 5:55 PM
57	I appreciated all of the conference speakers. I do pop into the sponsors booth but the majority of the companies I am very familiar with and get significant information on a regular basis.	10/23/2021 5:54 PM

2021 Wounds Canada National Fall Conference: Overall Survey

58	treating frsobite	10/23/2021 5:54 PM
59	I love take home points, and I love the use of pictures, as they are a reminder to us what it may look like and what it looks like healing etc	10/23/2021 5:51 PM
60	Best practice updates.	10/23/2021 5:49 PM
61	frostbite, deep tissue ulcers, pressure ulcers and malnutrition and healing	10/23/2021 5:47 PM
62	All of it really. I really enjoyed the presentations and the different topics	10/23/2021 5:46 PM
63	Timing. Not too many choices. Well balanced topic	10/23/2021 5:05 PM
64	presentations	10/23/2021 5:05 PM
65	evidence based discussion	10/23/2021 5:04 PM
66	lower limb	10/23/2021 5:01 PM
67	the pictures and case studies were great. It was also great to hear how others manage access to care as I work in a rural setting and this is often a struggle.	10/23/2021 4:56 PM
68	the sessions on product use. Sessions on looking at determinants of health/ illness, nutrition and how to communicate better with pts and encourage their involvement	10/23/2021 4:53 PM
69	Exhibit booths and	10/23/2021 4:18 PM
70	The sponsored learnings were very helpful to learn about the products available to assist with wound healing. I also think the exhibit hall was helpful in being able to do research of products on my own.	10/23/2021 3:56 PM
71	The sessions in the auditorium were most useful	10/23/2021 3:49 PM
72	Posters were great take-aways	10/23/2021 3:27 PM
73	Lectures	10/23/2021 2:54 PM
74	I found everything pertinent to my practice. I love the documents that I downloaded to my swag bag and they are bilingual for our bilingual clients, and sometimes, this breaks barriers and can be used as pamphlets for them.	10/23/2021 2:29 PM
75	practical applications rather than theory	10/23/2021 2:01 PM
76	I really appreciate the sponsored learning as it both discusses proper use of products and discusses wound processes. Really, though, there is something to be found in every direction with an offering like this.	10/23/2021 1:31 PM
77	Networking with other health care professionals and industry reps.	10/23/2021 12:58 PM
78	Case studies - impressed with attention to levels of evidence	10/23/2021 11:37 AM
79	case studies	10/23/2021 11:05 AM
80	chat room panel discussions	10/23/2021 10:35 AM
81	Presentations	10/23/2021 9:46 AM
82	clinical case studies plus panel discussions were interesting. I do prefer to attend in person vs navigating online. I am in a rural area the internet lagged by times. I do understand the premise of virtual learning in relation to the global pandemic.	10/23/2021 9:33 AM
83	I really only listen. I don't really care for the games	10/23/2021 9:19 AM
84	tips and recommendations for wound treatments for my patients, always looking for new ideas and suggestions	10/23/2021 8:50 AM
85	dermatology conditions and inflammatory ulcers for generalists.	10/23/2021 8:43 AM
86	Interaction with other members of the Wounds community.	10/23/2021 7:30 AM
87	video and posters and knowledge of the presenters	10/22/2021 6:13 PM
88	All of the sessions were very informative. My favourite sessions were: Current and emerging treatments for ppl living with lower limb ulcers. What am I looking at. Complex case reviews.	10/22/2021 5:38 PM

2021 Wounds Canada National Fall Conference: Overall Survey

	They were all informative.	
89	presentation. Ability to return to presentation after the conference	10/22/2021 5:35 PM
90	Main presentation (unsponsored)	10/22/2021 4:56 PM
91	presentation from vendors and their products,, being able to network with reps	10/22/2021 3:39 PM
92	Exhibit booth, webinars	10/22/2021 3:27 PM
93	ABI, Foot ulcers	10/22/2021 2:48 PM
94	Q&A helped application to clinical experiences and patient realities	10/22/2021 12:36 PM
95	The seminar sessions were valuable. I also really liked the poster presentations and was able to learn a lot from submissions about trends, and recent studies	10/22/2021 11:58 AM
96	medline conference was my favorite, it was easy to understand especially for nurses that are not advance in wound care	10/22/2021 11:39 AM
97	wound pictures/case studies/product picker info	10/22/2021 10:28 AM
98	The innovative and up to date talks presented	10/22/2021 9:54 AM
99	updates to products and discussions about managing in Covid times	10/22/2021 9:53 AM
100	The presentations included current evidence along with strategies for me to translate into practice, love the virtual platform, fun/games, chat room, resources and of course industry	10/22/2021 9:24 AM
101	lower limb preservation	10/22/2021 9:21 AM
102	Enjoy the presentations and the exhibit hall	10/21/2021 10:47 PM
103	Managing chronic wounds	10/21/2021 4:47 PM
104	managing slow healing wounds	10/21/2021 3:49 PM
105	The sessions have been very informative	10/21/2021 3:48 PM
106	Sponsored sessions for dressing selection	10/21/2021 3:06 PM
107	Description of specific wound care strategies and use of products	10/21/2021 2:48 PM
108	Diabetic ulcer information	10/21/2021 2:47 PM
109	Poster presentations Guest speakers	10/21/2021 1:44 PM
110	Mental health and wound healing	10/21/2021 1:02 PM
111	slides on empowering patient through various strategies presented, the 6 pillars, key guiding principles	10/21/2021 12:53 PM
112	The review of factors affecting wound healing was helpful. I also enjoyed learning about the NPWT treatment that is available	10/21/2021 11:42 AM
113	Virtual platform is interactive. Easy to navigate page	10/21/2021 11:41 AM
114	Visiting each exhibit hall	10/21/2021 10:48 AM
115	slides were useful	10/21/2021 10:33 AM
116	best practice discussions and new research	10/21/2021 10:32 AM
117	best practice of pressure injuries	10/21/2021 10:29 AM
118	booths with product info	10/21/2021 10:26 AM
119	All. It was def. helpful to hear about the issues that have populated and some suggestions on how to prevent/treat the issues (eg. Face PI's r/t oxygen therapy).	10/21/2021 9:27 AM
120	Research bas information & wound pictures	10/21/2021 9:26 AM
121	The discussion on terminal ulcers was of particular interest to me as a LTC clinician.	10/21/2021 9:22 AM
122	All	10/21/2021 9:21 AM

Q9 Describe at least two ways you intend to change your practice as a result of attending this conference:

Answered: 123 Skipped: 0

#	RESPONSES	DATE
1	improve care delivery with increased knowledge improve patient teaching	11/15/2021 2:32 PM
2	Update some of the new trends in my teaching share new info with others	11/5/2021 8:53 PM
3	I intend to continue to be aware of new and upcoming products, as well as utilizing a handheld doppler in regards to determining whether the patient has a satisfactory ABPI as discussed by Suzanne	11/5/2021 1:55 PM
4	NA	11/5/2021 10:02 AM
5	improve wound care approach. Improve diabetes patient education	11/3/2021 4:04 AM
6	Listening and empowering people in their care	11/2/2021 10:01 AM
7	Be the change Promote prevention	11/1/2021 5:38 AM
8	Work for having podiatrist	10/29/2021 6:21 PM
9	Try to get training for NPWT	10/28/2021 9:11 AM
10	Educate reinforcement to wound hygiene. COntinue to advocate for certain dressings and single use NPWT in our practice (upper bureaucracy is INFURIATING).	10/27/2021 5:13 PM
11	Found the information about mental health for wound care patients very interesting and informative	10/27/2021 2:58 PM
12	Importance of collaboration with healthcare professions, and doppler sounds	10/27/2021 10:45 AM
13	improve patient education and care	10/27/2021 9:29 AM
14	Consulting more	10/27/2021 9:16 AM
15	review current assessment tools being used	10/27/2021 8:50 AM
16	share the video on how to apply coban 2 wrap discuss the braden scale with other nurses regarding interventions and follow up after completion	10/27/2021 8:26 AM
17	Na	10/26/2021 6:43 PM
18	- including patients first than their wounds - Using strategies to engage my patient in their own care - discuss their needs and preferences - use a collaborative approach to wound care - identify and address social determinants of health	10/26/2021 6:08 PM
19	1) incorporate different things learned into practice. 2) try some different products I learned about.	10/26/2021 5:29 PM
20	More screening of diabetics and use of wound cleansers	10/26/2021 5:28 PM
21	Will check patient's HBA1C levels when treating wounds on a more regular basis. Trial using Hydrofera Blue ready for small crack wounds in feet/toes etc.	10/26/2021 5:23 PM
22	Thinking about patient first and not focusing on wound treatment only, treat as a whole. wound prevention	10/26/2021 5:19 PM

26	Mental health in wound healing, the importance and changing approaches depending on the	10/26/2021 3:19 PM

2021 Wounds Canada National Fall Conference: Overall Survey

	patient/clients mental state.	
27	not change specifically, but reinforced my current practice	10/26/2021 3:18 PM
28	Encourage coworkers to attend sessions to better understand complexities of wound care Try different products on hard to heal wounds	10/26/2021 11:24 AM
29	Acknowledge even end of life wounds have an opportunity to heal. Stress more even minimal exercise efforts.	10/26/2021 7:43 AM
30	Knowledge in knowing what types of dressings work well with certain wounds. Hope to make others aware of the Gecko device, I really like this little device that can do so much	10/25/2021 10:14 AM
31	I plan to collect and look at the wound data in a relative way to change practices. Not just to collect it.	10/24/2021 8:01 PM
32	policies and customer service	10/24/2021 6:34 PM
33	More teaching and upgrade my role in the clinic	10/24/2021 6:00 PM
34	Improve patient care. Wound Risk assessments	10/24/2021 12:39 PM
35	share new knowlege with colleages, new application of products	10/24/2021 8:29 AM
36	use of doppler and temp gradient as standard protocol	10/24/2021 8:26 AM
37	Incorporating a better wound care team at my workplace and include all departments not just nursing. Also promote better mental health for myself	10/24/2021 8:20 AM
38	Wound education and prevention	10/24/2021 8:06 AM
39	Look at the patient more holistically. Try different dressings.	10/23/2021 9:40 PM
40	pursue multidisciplinary approach uitlize hand held doppler	10/23/2021 8:12 PM
41	Continue to use a team approach for patient care. Knowledge is power	10/23/2021 6:55 PM
42	More frequent use of Wounds Canada resources Promoting patient's autonomy and empowerment	10/23/2021 6:21 PM
43	Use mepilex flex when having issues with adherence and changing approach to conversations about diet and nutrition	10/23/2021 6:18 PM
44	systematic approach to wound care leverage Wounds Canada resources	10/23/2021 6:12 PM
45	use of hydrofera blue and NWPTs	10/23/2021 6:11 PM
46	Use a handheld doppler to assess for mono-bi-or tri phasic waves. Also learn more about compression options.	10/23/2021 6:10 PM
47	change perceptions, explore nutrition	10/23/2021 6:10 PM
48	1. Refreshed the reason why I have chosen this speaciality 2. Put into practice the step taken and shared in this conference for the success case studies	10/23/2021 6:09 PM
49	more mindful of the quality of life of patients	10/23/2021 6:07 PM
50	More referrals to dieticians most likely, I already include patients in my care it's a patient centered approach	10/23/2021 6:01 PM
51	I will do my best to refer patients with wounds to the appropriate, most beneficial treatment options through the assistance of the GP sooner. I will encourage patients to try their best to cleanthe wounds themselves prior to their nursing visit to facilitate debridement of the wound bed.	10/23/2021 6:01 PM
52	look at systems issues differently especially the OHT. look at the way we process through wound care in our CHC, are we using our multidisciplinary team to it's potential	10/23/2021 5:58 PM
53	Engage and empower patients with wounds and other chronic diseases in my workplace	10/23/2021 5:57 PM
54	Individualizing even more Communication more among various team members	10/23/2021 5:56 PM
55	More comprehensive assessments, involve more of the team	10/23/2021 5:56 PM

2021 Wounds Canada National Fall Conference: Overall Survey

56	Knowledge sharing to colleagues and revising how our multidisciplinary team address wound management with more involvement of patients and their families and communicating with community support and resources	10/23/2021 5:55 PM
57	I am very interested in technology and diabetes management. In addition, I would like to look more into frostbite management.	10/23/2021 5:54 PM
58	treat the patient not the wound multidisciplinary team	10/23/2021 5:54 PM
59	be more receptive to change listen actively to what my client needs are as they are primary to the whole process	10/23/2021 5:51 PM
60	I now know what areas I need to update my knowledge, so I can share with my HCP colleagues.	10/23/2021 5:49 PM
61	asking about nutrition when it comes to wound healing frostbite thawing	10/23/2021 5:47 PM
62	- enhance communication with other providers. Education. Also, enhance empowerment of our clients	10/23/2021 5:46 PM
63	Virtual care path & vascular pathway	10/23/2021 5:05 PM
64	Not currently practicing hands on - so can't answer this	10/23/2021 5:05 PM
65	reading journals attend webinars	10/23/2021 5:04 PM
66	Probably won't change	10/23/2021 5:01 PM
67	Some of the products featured will make a definite impact on my patients. I also plan to share information with my colleagues	10/23/2021 4:56 PM
68	questions re nutrition questions re barriers to good health awareness of literacy screen for depression more more understanding about wounds and how to evaluate them	10/23/2021 4:53 PM
69	Research	10/23/2021 4:18 PM
70	I will evaluate the wounds better and pick the best type of dressing or product for the wound and the resident. I will also be joining the wound care team at my facility to assist with teaching others health care professionals.	10/23/2021 3:56 PM
71	use silicone foam preventatively and remember that wound care is a secondary treatment	10/23/2021 3:49 PM
72	Application of up-to-date information to move QI forward Application of up-to-date information to inform practice	10/23/2021 3:27 PM
73	Reviewing and standardizing roles/responsibilities re wound care across the health care provider team. Developing more standardized guidelines/pathways re wound care in hospital.	10/23/2021 2:54 PM
74	-More teamwork -encourage new products usage for best practice on patients' care.	10/23/2021 2:29 PM
75	creating better teams/ resources	10/23/2021 2:01 PM
76	I am far more cognizant of wound bed preparation after this conference. I was still practicing with normal saline as best practice for wounds and it is interesting to learn that it is not always. I am eager to try hydrofera with NPWT	10/23/2021 1:31 PM
77	Start using HFB under NPWT, advocate for use of NPWT as prevention of surgical dehiscence	10/23/2021 12:58 PM
78	Fusion of product and devices reinforce need for good consistent wound hygiene	10/23/2021 11:37 AM
79	investigate ultrasound debridement	10/23/2021 11:05 AM
80	advocating for wound hygiene and compression	10/23/2021 10:35 AM
81	1. work collaboratively 2. ask more questions	10/23/2021 9:46 AM
82	be an advocate for change and continue to promote team work in prevention and education as a strategy, while maintaining client/patient engagement re: centre of care.	10/23/2021 9:33 AM
83	Mostly it reassures how I practice and provides a reassurance that I am not alone	10/23/2021 9:19 AM
84	i will be looking into ordering new products for our facility to better help our patients as well as pass on the information i learnt with the staff and print brochure to help my patients better	10/23/2021 8:50 AM

2021 Wounds Canada National Fall Conference: Overall Survey

	understand the treatment plan and involve them more in the plan	
85	1) I know more ways to prevent ulcers so I can share this optimism with patients 2)I feel more confident with when to refer patients to specialists	10/23/2021 8:43 AM
86	This is going to help develop policy. Provides information about new products that is very helpful.	10/23/2021 7:30 AM
87	Research and do more training to enhance our community based center and teach client self care on wounds	10/22/2021 6:13 PM
88	I want to encourage clients to exercise (as appropriate) even with their lower limb wounds. I want to work with a trained PT to come up with ways to support our clients. I will get ABPIs as soon as possible for clients with lower leg ulcers. We can do them ourselves but they take a lot of time so we often delay them too long.	10/22/2021 5:38 PM
89	By checking with our educator about a product I learned about that would be useful at our clinic. By reviewing some of the topic I have missed .	10/22/2021 5:35 PM
90	including sex and gender the use of new technologies	10/22/2021 4:56 PM
91	better screening and preventative practices	10/22/2021 3:39 PM
92	-	10/22/2021 3:27 PM
93	Performing more ABI'S	10/22/2021 2:48 PM
94	utilization of multi-modal wound dressing therapies and changing the resources used as the wound heals	10/22/2021 12:36 PM
95	Learning about the benefits of silicone dressings and their gentle application and removal benefits for wounds and skin tears (advocating for and incorporating their use). Advocating for a multi-disciplinary, and systematic approach for wounds for best results, and being prepared to try things and go with my experiences.	10/22/2021 11:58 AM
96	I will be using a lot of these products that i didn't know about	10/22/2021 11:39 AM
97	look at bringing in new products seen at conference	10/22/2021 10:28 AM
98	-be come cognizant of health inequities in our population served -incorporate more mental health screening when speaking with pts with lower limb wounds	10/22/2021 9:54 AM
99	-aware of greater options for products, therefor able to present to patients -encouraged to bring the debridement BPG to clinicians I work with	10/22/2021 9:53 AM
100	Involve, educate and include patients Identify opportunities to address health equities	10/22/2021 9:24 AM
101	improve collaboration	10/22/2021 9:21 AM
102	Lower limb assessment Mental health of my clients	10/21/2021 10:47 PM
103	Use of various types of dressings	10/21/2021 4:47 PM
104	managing biofilms	10/21/2021 3:49 PM
105	incorporating different wound care products and providing more holistic care in treating wounds	10/21/2021 3:48 PM
106	Proper utilization of products Advocate for team management of pressure injuries	10/21/2021 3:06 PM
107	Hope to use VAC veraflow.	10/21/2021 2:48 PM
108	Incorporating new wound care products	10/21/2021 2:47 PM
109	Incorporate more virtual learning into my practice. Incorporate virtual learning and/or assessments into patient care.	10/21/2021 1:44 PM
110	Remember to inquire about the clients goals and how they perceive themselves at this time	10/21/2021 1:02 PM
111	design, conceptualize and submit a proposal on an elderly-focused nutrition	10/21/2021 12:53 PM
112	I will be more comfortable examining a wound and the use of foam dressings to promote healing. I will encourage and remind my patients with post venous leg ulcer surgery to continue with compression treatment.	10/21/2021 11:42 AM

2021 Wounds Canada National Fall Conference: Overall Survey

113	In person conference hopefully next year	10/21/2021 11:41 AM
114	Use more products	10/21/2021 10:48 AM
115	give back the onership of wounds to patient	10/21/2021 10:33 AM
116	looking into geko device.	10/21/2021 10:32 AM
117	best assessment best intervention	10/21/2021 10:29 AM
118	request samples for new npwt	10/21/2021 10:26 AM
119	increase advocation for prevention	10/21/2021 9:27 AM
120	Communication & resolving the underlying cause	10/21/2021 9:26 AM
121	I will research on the TIME algorithm for skin assessment that was discussed. I will have a better appreciation of the factors that can impact pressure ulcer development.	10/21/2021 9:22 AM
122	revu protocole in PI	10/21/2021 9:21 AM
123	Implement more strategies Distinguishing pressure from diabetic	10/21/2021 9:21 AM

Q10 What was the least effective part of this program and why?

Answered: 123 Skipped: 0

#	RESPONSES	DATE
1	some content with more statistical information	11/15/2021 2:32 PM
2	Did not get the time with the industry reps I would have liked to	11/5/2021 8:53 PM
3	n/a	11/5/2021 1:55 PM
4	NA	11/5/2021 10:02 AM
5	no	11/3/2021 4:04 AM
6	nothing of note	11/2/2021 10:01 AM
7	I am not computer savvy and live in a remote location with a less than perfect internet connection	11/1/2021 5:38 AM
8	Nothing to say	10/29/2021 6:21 PM
9	Stats were the least effective to me but still informative	10/28/2021 9:11 AM
10	Missed seeing faces! Maybe a little more time in the schedule between sessions. Consider starting 1 hr later to accommodate for west coast time change. 8EDT=5PST	10/27/2021 5:13 PM
11	no concerns	10/27/2021 2:58 PM
12	delay with being able to sign in on the first day.	10/27/2021 10:45 AM
13	almost all	10/27/2021 9:29 AM
14	Na	10/27/2021 9:16 AM
15	No networking	10/27/2021 8:50 AM
16	can't think of any	10/27/2021 8:26 AM
17	Some didn't really pertain to my field but some was useful	10/26/2021 6:43 PM
18	I didn't find any negative thing related to this program. Everything was great. Perhaps having the conference in person next time, but also loved the interactive platform	10/26/2021 6:08 PM
19	NA	10/26/2021 5:29 PM
20	Clinical studies not relevant to my practice	10/26/2021 5:28 PM
21	Some of the physician led sessions were a bit over my head, but still interesting.	10/26/2021 5:23 PM
22	It was time when I felt it was more about selling products	10/26/2021 5:19 PM
23	Meeting over 17h	10/26/2021 4:44 PM
24	I'm still getting accustomed to the virtual vendors. I prefer face to face, touch, feel in real time, each product.	10/26/2021 4:21 PM
25	N/a	10/26/2021 3:44 PM
26	The presenter during the first day conference on Mental Health in Wounds who was a lawyer/empowerer (?) really did not seem educated enough to be discussing the importance of diet. It felt a little like a MLM presentation, unprofessional, unscientific, and really out of place in this conference.	10/26/2021 3:19 PM
27	nothing	10/26/2021 3:18 PM

51	I cant say there was any part that was not effective.	10/23/2021 6:01 PM
52	exhibit hall. i find it difficult to not have a hands on opportunity with products and to chat easily with the reps.	10/23/2021 5:58 PM
53	nil	10/23/2021 5:57 PM
54	Not much	10/23/2021 5:56 PM
55	I enjoyed every aspect	10/23/2021 5:56 PM
56	Can't think of one. Just a few technical issues	10/23/2021 5:55 PM
57	I love being inperson but I do also love the online format. I think that I struggled due to the EST timing and had to wake up at 6 to attend some of the sessions.	10/23/2021 5:54 PM
58	talk about other part of the body because I treat foot	10/23/2021 5:54 PM
59	It was all relevant	10/23/2021 5:51 PM
60	None	10/23/2021 5:49 PM
61	scar healing	10/23/2021 5:47 PM
62	I didn't find any.	10/23/2021 5:46 PM
63	Living on west coast very early	10/23/2021 5:05 PM

2021 Wounds Canada National Fall Conference: Overall Survey

64	the exhibit hall - because it's virtual the interaction with the booth and the people running it is very anonymous. How about having one of the booth people being on camera and available to interact. Would perhaps stimulate more interaction	10/23/2021 5:05 PM
65	zoom i miss face to face	10/23/2021 5:04 PM
66	The connecting to the conference via computer was not good for me	10/23/2021 5:01 PM
67	I really do love the online format. 10 hours with minimal breaks is a bit much. but i appreciate the on demand feature.	10/23/2021 4:56 PM
68	excellent. but by late Sat afternoon... I was exhausted.	10/23/2021 4:53 PM
69	Not enough time between sessions	10/23/2021 4:18 PM
70	The day is very busy and hard to keep up when it is virtual. It is hard to sit on a computer for this long at a time.	10/23/2021 3:56 PM
71	the lounge. It was less interactive and informative than I had hoped for	10/23/2021 3:49 PM
72	would appreciate timezone notifications (i.e post time in "EST", or option to have agenda presented in local time zone!	10/23/2021 3:27 PM
73	no comment	10/23/2021 2:54 PM
74	none	10/23/2021 2:29 PM
75	1- the constant cost of X to the health service. We have known for ages, unless it is going down with what you have done, stop going over it again 2- the lack of treatment options with reduced resources 3- some of the lectures havent changed, same thing	10/23/2021 2:01 PM
76	I have difficulty "chatting" online so I do not use that part of the program. I would get more benefit from seeing reps face to face which of course, is not an option right now.	10/23/2021 1:31 PM
77	It was difficult to navigate the agenda, going back and forth between conference and sponsored agendas. I realize they need to be separate for accreditation purposes, but I would like an option to have an integrated agenda.	10/23/2021 12:58 PM
78	if a presenter was trying to speech to too many studies and not summarize key findings	10/23/2021 11:37 AM
79	I found I was watching the countdown to join in the session. Not enough time is provided to log on. click on the link, log onto the zoom meeting and you've missed 1/2 of the introduction even though log on was immediate.	10/23/2021 11:05 AM
80	nothing comes to mind	10/23/2021 10:35 AM
81	Wish it was in-person!	10/23/2021 9:46 AM
82	navigating the platform with a shady internet connection	10/23/2021 9:33 AM
83	having to join each topic	10/23/2021 9:19 AM
84	some of the sponsored learning does not pertain to my role in the medical field, still interesting however not much take away from some of the presentations	10/23/2021 8:50 AM
85	nothing	10/23/2021 8:43 AM
86	Online, easy to be distracted by e-mails and phone calls. When at live session it is more interactive.	10/23/2021 7:30 AM
87	stats	10/22/2021 6:13 PM
88	Stacey Coomber Steven's presentation had no evidence based support. I don't think it should have been included in the conference.	10/22/2021 5:38 PM
89	I had difficulties accessing the the booths	10/22/2021 5:35 PM
90	too intense. tired to listen sit in front of of screen.	10/22/2021 4:56 PM
91	some technical difficulties with online sessions	10/22/2021 3:39 PM
92	none	10/22/2021 3:27 PM

2021 Wounds Canada National Fall Conference: Overall Survey

93	none	10/22/2021 2:48 PM
94	very strict with timing of the presentations, with the technical difficulties we missed a lot of discussion on day 1	10/22/2021 12:36 PM
95	There were challenges with a couple of the chats for a couple of the booths - other than that, it was fantastic!	10/22/2021 11:58 AM
96	some sessions were to advance for frontline staff	10/22/2021 11:39 AM
97	as a virtual conference it was more difficult to communicate with others	10/22/2021 10:28 AM
98	n/a	10/22/2021 9:54 AM
99	-in person conferencing provides more tangible learning and facilitates easier discussions with colleagues	10/22/2021 9:53 AM
100	Nothing	10/22/2021 9:24 AM
101	none	10/22/2021 9:21 AM
102	Enjoyed everything	10/21/2021 10:47 PM
103	None	10/21/2021 4:47 PM
104	for myself, surgical part	10/21/2021 3:49 PM
105	N/A	10/21/2021 3:48 PM
106	Technical difficulties	10/21/2021 3:06 PM
107	many sponsored booths did not have enough examples of uses for their products	10/21/2021 2:48 PM
108	Too many break between sessions	10/21/2021 2:47 PM
109	I prefer to interact with the public.	10/21/2021 1:44 PM
110	Role of mental health in managing chronic wounds I felt that the second part was dry and she spoke about herself an awful lot	10/21/2021 1:02 PM
111	smooth transition of slides	10/21/2021 12:53 PM
112	I found the talk on 3M VAC therapy informative but limited in utility since the product is only used in the hospital setting.	10/21/2021 11:42 AM
113	None	10/21/2021 11:41 AM
114	Nothing. Very well organized.	10/21/2021 10:48 AM
115	data ,difficult to understand	10/21/2021 10:33 AM
116	sometimes the video would pause	10/21/2021 10:32 AM
117	LTC pressure injuries, foot care, skin care tears	10/21/2021 10:29 AM
118	navigating to the areas i needed to be	10/21/2021 10:26 AM
119	everything is effective! holistic advocacy is important because it is not just the nurses responsibility and sometimes we feel the most responsible being front line staff even though it is sometimes out of our control.	10/21/2021 9:27 AM
120	Needs more time for Q&A	10/21/2021 9:26 AM
121	The global data presentation was the least relevant since the collection of data was acknowledged by the speakers to be perhaps inaccurate and under reported.	10/21/2021 9:22 AM
122	at the begining a little bit confuse by stats	10/21/2021 9:21 AM
123	Fast pace	10/21/2021 9:21 AM

Q11 Please list any topics you would like to see addressed in future conferences:

Answered: 123 Skipped: 0

#	RESPONSES	DATE
1	new therapies	11/15/2021 2:32 PM
2	Update on effects of covid in 2022	11/5/2021 8:53 PM
3	Continuing to discuss topics in relation to vascular surgery, PAD, Arterial or diabetic foot ulcers, venous ulcers, NPWT and the new and upcoming technologies with it, etc.	11/5/2021 1:55 PM
4	NA	11/5/2021 10:02 AM
5	1-rimary dressings in the management of Category/Stage III and IV pressure ulcers. 2- FOOT CARE SCREANING 3-Diabetes education 4-Pressure Ulcers: Prevention, Evaluation, and Management	11/3/2021 4:04 AM
6	More discussion about dealing with chronic disease	11/2/2021 10:01 AM
7	Differential diagnosis of vascular disorders and uncommon wounds. Skin manifestations, lymph edema	11/1/2021 5:38 AM
8	Pyoderma gangrenosum	10/29/2021 6:21 PM
9	noncompliance is an enormous issue within my First Nations community of Listuguj.How can one address this issue at time for dressing changes,need more imput	10/28/2021 9:11 AM
10	Maybe like a research 101 interpretation session at the start of the conference. Many don't know what the levels of evidence is or what scale is used, etc. The first presentation was on incidence and prevalence. My peers didn't know the difference or implications so the data presented was nebulous. The presenters talk to the research but what can front line people with little to no expertise in research should be critical of or know what is good/not. Just a thought on how to critically discern.... in 60min or less. hahaha.	10/27/2021 5:13 PM
11	no suggestions	10/27/2021 2:58 PM
12	Lipedema	10/27/2021 10:45 AM
13	all related topic	10/27/2021 9:29 AM
14	More on Canadian racial disparities in assessing and access to healthcare	10/27/2021 9:16 AM
15	Leadership Client self-management readiness/motivation	10/27/2021 8:50 AM
16	nothing comes to mind	10/27/2021 8:26 AM
17	Na	10/26/2021 6:43 PM
18	- please continue to address topics that focus on patients and their well-being and how to improve our health care systems to be able to cover wound care devices and support clinical practices. - Include mini-course about entrepreneurship for setting up wound care services including how to access funding etc - include topics related to inter professional collaboration and the roles of the different members of the team to address wound care issues and improve patients and families well-being	10/26/2021 6:08 PM
19	Every time I learn something new.	10/26/2021 5:29 PM
20	Incontinence associated dermatitis in elderly	10/26/2021 5:28 PM
21	Practical offloading for DFUs.	10/26/2021 5:23 PM
22	More wound prevention and patient empowerment on taking care on their own health such as individuals with diabetic wound ulcer	10/26/2021 5:19 PM

2021 Wounds Canada National Fall Conference: Overall Survey

23	Most effective antimicrobial dressing	10/26/2021 4:44 PM
24	Canadian policy on DFU pathways as foundation to adopt at the local level (like UK) government led multidisciplinary teams to promote best practice. Too many cooks in the kitchen presently.	10/26/2021 4:21 PM
25	More multiple choice interactive involvements	10/26/2021 3:44 PM
26	N/A	10/26/2021 3:19 PM
27	more on wound hygiene, and suggestions for changing practice in large regions	10/26/2021 3:18 PM
28	I can't think of any at the moment	10/26/2021 11:24 AM
29	donor site care	10/26/2021 7:43 AM
30	Importance of hydration in wound care. Malignant wounds, how to know it is malignant, and how to care for them.	10/25/2021 10:14 AM
31	Leadership or business programs in wound care.	10/24/2021 8:01 PM
32	hyperbaric	10/24/2021 6:34 PM
33	Continue the Wounds cleaning and more technology explore	10/24/2021 6:00 PM
34	Diabetes ulcers post caluse	10/24/2021 12:39 PM
35	more education sessions	10/24/2021 8:29 AM
36	more chiropody centered based lectures on DFUs in a private clinic setting	10/24/2021 8:26 AM
37	All of them	10/24/2021 8:20 AM
38	Education and multidisciplinary approach.	10/24/2021 8:06 AM

#	RESPONSES	DATE
1	Enjoyed the on line presentations-most terrific presenters. Will look forward to meeting others in person one day soon!	11/5/2021 8:53 PM
2	n	11/5/2021 10:02 AM
3	it was great conference	11/3/2021 4:04 AM
4	Overall well organized on a digital platform but I much prefer the in person experience	11/1/2021 5:38 AM
5	Interesting for practice	10/29/2021 6:21 PM
6	Excellent conference!Loved it	10/28/2021 9:11 AM
7	WONDERFUL platform and this will be so accessible to ALL. Super easy to use and navigate. There should be no excuses NOT to attend. Thank you so much.	10/27/2021 5:13 PM
8	great conference	10/27/2021 9:29 AM
9	None good conference	10/26/2021 6:43 PM
10	I loved to see new faces at the conference. Thank you for giving opportunity to different stakeholders. Wounds Canada has my admiration and respect!	10/26/2021 6:08 PM
11	overall the material presented were well organized and I praise those individuals who prepared the entire conference: Kudos to all!	10/26/2021 5:19 PM
12	Thank you for improving this delivery method each year we fuss w restrictions. God bless each of you for the work you do to share the love, Passion and knowledge.	10/26/2021 4:21 PM
13	Enjoyed the sessions and the ability to join virtually. Hope this will always be an option	10/26/2021 11:24 AM
14	Since this is virtual and there were a couple lectures at the same time it would be nice to still have the abilities to listen to those after the conference.	10/26/2021 7:43 AM
15	Great conference, always great topics	10/25/2021 10:14 AM
16	Way to go Wounds Canada team! You hard work made this virtual conference amazing. Thank you for putting together a conference that hit learning targets on so many levels and topics. Your attention to details kept the attendees focused and motivated throughout the event.	10/24/2021 8:01 PM
17	It was a great conference	10/24/2021 12:39 PM
18	virtual was nice to learn from comfort of home but missed opportunities to network in person	10/24/2021 8:29 AM
19	Great conference! Thank you for this experience!	10/24/2021 8:20 AM
20	Well-organized event and topics relevant to clinical practice.	10/24/2021 8:06 AM
21	well done	10/23/2021 8:12 PM
22	found it difficult to log in all the time, and there were a couple of sessions with background noise and I had some trouble completing the evaluations	10/23/2021 6:55 PM
23	Great selections of topics and presenters	10/23/2021 6:21 PM
24	I really appreciate the online format, especially as I can watch sessions I missed at a later date.	10/23/2021 6:18 PM
25	Great topics and conference	10/23/2021 6:12 PM
26	well presented and research backed	10/23/2021 6:11 PM
27	I enjoyed the conference greatly. I thought there was good range of topics. My only suggestion	10/23/2021 6:10 PM

2021 Wounds Canada National Fall Conference: Overall Survey

is to incorporate more 2 option at the same time for sessions so that people can pick what is more relevant to their work area, as there is a very diverse group of workplaces present.

28	good conference	10/23/2021 6:07 PM
29	All disciplines of the multi disciplinary team play a role in getting their needs met, it's about working together and viewing each other as on a par, and it always includes the patient.	10/23/2021 6:01 PM
30	Thank you for an excellent conference, always such a pleasure to learn and look forward to sharing the knowledge with my colleagues and patients.	10/23/2021 6:01 PM
31	no further comments.	10/23/2021 5:58 PM
32	Excellent conference!	10/23/2021 5:57 PM
33	Glad I attended	10/23/2021 5:56 PM
34	First time to attend a 3 day virtual conference and I was very pleased with all the presentations and poster exhibits. Can't wait to download some of them	10/23/2021 5:55 PM
35	this is always rewarding, and as nursing is evidence based, I can see that the wound care conferences have changed and embraces learning in a very wonderful way - thank you for the learning	10/23/2021 5:51 PM
36	Another excellent conference. I look forward to attending in person next year.	10/23/2021 5:49 PM
37	cost of and how we can get coverage for the less fortunate	10/23/2021 5:47 PM
38	Just fabulous thanks	10/23/2021 5:05 PM
39	great platform for the conference. Braco - must've been a huge amount of work!	10/23/2021 5:05 PM
40	very educational, well planned conference. excellent speakers	10/23/2021 5:04 PM
41	This conference was not well organized for those of us not used to Zoom conferences	10/23/2021 5:01 PM
42	Great conference. I am hooked. Looking forward to the symposium next month	10/23/2021 4:56 PM
43	excellent course	10/23/2021 4:53 PM
44	Great conference!	10/23/2021 4:18 PM
45	This conference was a learning experience. I am glad it was virtual so I could attend, however the days are busy so maybe spreading it out more or having short breaks between presenters to walk away from the computer would be great.	10/23/2021 3:56 PM
46	Really great formatting. I would love to attend an in-person event but this was really accessible and user friendly	10/23/2021 3:49 PM
47	Looking forward to in-person meetings...	10/23/2021 3:27 PM
48	Enjoyed my experience.	10/23/2021 2:54 PM
49	Great conference and great speakers. I love this type of venue, safe, practical and can be done off time schedule. Would like to suggest that the exhibition and posters to be extended for another week. Hard to cover everything in a few days:(10/23/2021 2:29 PM
50	Thanks for the conference	10/23/2021 1:31 PM
51	Another excellent conference - great engagement and diversity of topics and speakers	10/23/2021 11:37 AM
52	please continue to offer these sessions, can't wait for in-person.	10/23/2021 11:05 AM
53	congratulations for another great conference!	10/23/2021 10:35 AM
54	Excellent conference -- well organised!	10/23/2021 9:46 AM
55	its nice some of this is available on demand. Thank you for the wide representation of the underserved	10/23/2021 9:33 AM
56	another great conference	10/23/2021 8:50 AM
57	excellent	10/23/2021 8:43 AM

2021 Wounds Canada National Fall Conference: Overall Survey

58	Thank you for putting this event together!	10/23/2021 7:30 AM
59	Excellent conference!	10/22/2021 6:13 PM
60	Great conference!	10/22/2021 5:38 PM
61	grat topics from a variety of presenters . I find the visual aids useful . great pictures to help in learning .	10/22/2021 5:35 PM
62	Good job to the team!	10/22/2021 4:56 PM
63	I liked that there were interactive contests with prizes to promote interaction with the exhibits	10/22/2021 3:39 PM
64	Excellent information	10/22/2021 2:48 PM
65	thank you! hope to be in person next year. Missing networking as the chat is very difficult to network. Perhaps there can be "home tables" like the RNFOO virtual gala where you can go to your home base to network/debrief with colleagues from same organizations (e.g. Mount Sinai Hospital has one table with attendees), also ability to visit other "tables" to network and learn about different organizations/roles	10/22/2021 12:36 PM
66	Loved this conference and the virtual platform that was used. Very easy to navigate and user friendly.	10/22/2021 11:58 AM
67	love it	10/22/2021 11:39 AM
68	looking forward to attending in person again in future	10/22/2021 10:28 AM
69	Great talks, great speakers	10/22/2021 9:54 AM
70	Thank you for this opportunity	10/22/2021 9:24 AM
