I will use the information I learned in my practice	52.27% 69	40.91% 54	3.03% 4	1.52% 2	2.27% 3	132
Overall, I would rate this conference as excellent	58.33% 77	30.30% 40	6.06% 8	3.03% 4	2.27% 3	132

## Q7 Did you perceive any commercial bias in any parts of the conference?

Answered: 132 Skipped: 0

ANSWER CHOICES	RESPONSES
Yes	3.79% 5
No	96.21% 127
<b>TOTAL</b>	<b>132</b>

#	IF YOU RESPONDED "YES" PLEASE COMMENT:	DATE
1	Some conferences are about products	10/23/2022 4:20 PM
2	Lots of emphasis on types of dressings used in wound care	10/21/2022 1:37 PM
3	Only when industry sponsored	10/15/2022 5:29 PM
4	She only talk about medline products	10/14/2022 10:17 AM

## Q8 Describe what part of the conference activities were most useful/effective for enhancing your professional practice:

Answered: 132 Skipped: 0

#	RESPONSES	DATE
1	Debridement	10/26/2022 7:57 PM
2	cases study	10/23/2022 4:20 PM
3	Any and all diabetes, communities of interest and foot-related health information.	10/23/2022 3:04 PM
4	Networking with other clinicians	10/21/2022 1:37 PM
5	Conference aspects relevent to the feet	10/21/2022 11:35 AM
6	Effective online presentations	10/20/2022 9:53 PM
7	the ability to view the products and have some hands on demos of how they are used	10/20/2022 11:27 AM
8	It encouraged so much of what is excellence in professional care like empowering the patient and caregivers. Pressure ulcer prevention From a caregiver perspective.	10/19/2022 11:41 PM
9	wounds care	10/19/2022 1:06 PM
10	Listening to some of the discussions, being u able to participate was hard	10/19/2022 12:39 PM
11	I connected virtually, so for me it was listening to the presentations.	10/19/2022 10:09 AM
12	footcare	10/19/2022 8:08 AM
13	The advanced session on atypical wounds.	10/19/2022 8:06 AM
14	The individual sessions on specific topics.	10/19/2022 7:35 AM
15	Many of the presentation, I hope to be able to attend in person, always better than on line	10/19/2022 7:32 AM
16	Networking and the presentations	10/19/2022 7:08 AM
17	WOUNDCARE AND WOUND MANAGEMENT AS WELL AS DEBRIDEMENT	10/19/2022 2:54 AM
18	interacting with colleagues and experts	10/19/2022 1:42 AM
19	all the topics were relevant to my professional practice	10/18/2022 9:38 PM
20	Lymphedema presentation was interesting. Burns interesting. Covid impact well presented Telehealth interesting	10/18/2022 9:23 PM
21	Exhibitor breaks	10/18/2022 7:08 PM
22	case studies	10/18/2022 5:39 PM
23	Hydrofera Blue sessions	10/18/2022 5:07 PM
24	I can go back to the session and review the content again.	10/18/2022 4:38 PM
25	wound management	10/18/2022 4:29 PM
26	lectures were excellent	10/18/2022 3:44 PM
27	The app was helpful knowing what sessions to attend	10/18/2022 3:21 PM
28	Wounds from diabetes, nutrition.	10/18/2022 3:20 PM
29	wound infection	10/18/2022 3:16 PM
30	good review	10/18/2022 3:08 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

31	Having opportunity to talk to vendors and new research to meet needs. Having opportunity to talk to speakers Feeling with like minded people and rekindled /reenergized to carry on. What works in others practice. Sharing tools for toolbox	10/18/2022 3:01 PM
32	I really Enjoyed the first speaker the Phyco Therapist on Friday at 8am	10/18/2022 12:17 PM
33	Case studies, sessions related to usage of particular products/dressings; all the sessions were very interesting in there unique way	10/18/2022 11:23 AM
34	the mental health and wound specific sessions	10/18/2022 9:51 AM
35	Since I am a podiatrist items related to the foot were most important and help to enhance my practice	10/17/2022 10:32 PM
36	New bpgs	10/17/2022 5:56 PM
37	dsfsdf	10/17/2022 5:15 PM
38	all	10/17/2022 1:44 PM
39	exhibits	10/17/2022 1:29 PM
40	the ones relating to lymphedema/edema	10/17/2022 1:09 PM
41	talk on management of painful ulcers was very useful also the wound infection in clinical practice was excellent. I also enjoyed talks about mental burn out.	10/17/2022 10:25 AM
42	posters and interaction with vendor reps on line	10/17/2022 9:10 AM
43	the presentations, especially those with case studies	10/17/2022 7:35 AM
44	Wound care protocol booklet	10/17/2022 7:27 AM
45	Lectures	10/17/2022 7:22 AM
46	Wound care approach	10/17/2022 4:10 AM
47	Sessions	10/17/2022 1:13 AM
48	Agendas/Topics	10/16/2022 11:27 PM
49	Dermatology lectures, pg and eb by Dr. Gary Sibbald	10/16/2022 10:41 PM
50	Engagement with industry regarding products, presentations with relevant information	10/16/2022 8:23 PM
51	Visual resources and handouts	10/16/2022 8:22 PM
52	Case studies	10/16/2022 8:02 PM
53	Actual wounds care cases	10/16/2022 7:44 PM
54	Trade show, wide range of topics, mental health and wellness components	10/16/2022 4:38 PM
55	The questions and the results	10/16/2022 4:21 PM
56	presentations	10/16/2022 3:50 PM
57	Interacting with the commercial exhibit staff	10/16/2022 3:32 PM
58	Lectures were excellent and right on topic for my needs	10/16/2022 3:31 PM
59	The interactive chats are very helpful to manage issues that are seen in practice. As well, the ability to network with others in the field continues to be useful.	10/16/2022 3:14 PM
60	content ability to logon and get to lectures/presentations terrible	10/16/2022 3:03 PM
61	All content related to importance of pressure wounds/ulcers and the associated prerequisite conditions for healings.	10/16/2022 2:36 PM
62	Wound care products and application for how to use and when Educating patients in the role of nutritional importance for supporting patient's health in journey to managing wounds. Wound care cleansers ie)Vashe in addressing proper preparation of wound beds Review of venous and arterial disease and steps take in management	10/16/2022 2:35 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

63	Presentations related to my practice area were helpful. The presentation on Burn-Out was extremely relevant. Wish there had been more time allotted. Intersection with industry was most helpful in advancing my practice related to new and advancing products and technologies.	10/16/2022 2:27 PM
64	Newer product uses, pearls	10/16/2022 2:22 PM
65	The debridement was interesting see videos and also case studies able to follow along from home	10/16/2022 2:06 PM
66	Really enjoyed polls and hybrid learning	10/16/2022 2:04 PM
67	types of dressings and use	10/16/2022 1:59 PM
68	types of wounds i've never even heard of and how they were treated.	10/16/2022 1:58 PM
69	Review of new concensus information.	10/16/2022 1:54 PM
70	Practical recommendations for wound treatment, strategic approaches and guidelines for assessment	10/16/2022 1:53 PM
71	Vendors	10/16/2022 1:51 PM
72	Learning about which drsgs, devices and medical supplies would best treat my patients.	10/16/2022 1:48 PM
73	Info on diabetic ulcers.	10/16/2022 1:46 PM
74	The lectures	10/16/2022 1:40 PM
75	All the sessions I attended were beneficial	10/16/2022 1:33 PM
76	virtual conference - ability to access remotely	10/16/2022 1:30 PM
77	Discussions on hard to treat wounds	10/16/2022 1:30 PM
78	Sessions both sponsors and educational sessions - networking-talking with reps	10/16/2022 1:30 PM
79	Heading from experts and also sponsored sessions. I'm new to wound care and haven't been able to access any in-person vendor education due to COVID-19.	10/16/2022 1:25 PM
80	Overall entire conference	10/16/2022 1:24 PM
81	the lectures, visiting the booths and learning more about the products, able to interact and ask questions. The link provided and easily to download the product information.	10/16/2022 1:22 PM
82	Topics that were related directly to dressings and new wound care literature. To allow for the best client centered care	10/16/2022 1:03 PM
83	Wound Care advancement	10/16/2022 12:28 PM
84	The exhibit hall was helpful to talk to reps and interact/find out more about products I liked the involvement with the presenters. Kept my attention better and made me feel more involved	10/16/2022 12:12 PM
85	Mental health and physician and frontline nursing , stable and unstable wound talks along with patient wound journeys	10/16/2022 12:06 PM
86	Case studies	10/16/2022 11:36 AM
87	Radiation burns EB and PG Skin issues Lymphedema	10/16/2022 11:17 AM
88	infection, wound status, how to treat	10/16/2022 11:16 AM
89	Zoom and posters	10/16/2022 10:56 AM
90	Hands on session day prior to conference. Presentations were great with the Q&A being relevant questions to my practice	10/16/2022 10:51 AM
91	videos	10/16/2022 10:44 AM
92	Dfu	10/16/2022 10:36 AM
93	Questions, & answers	10/16/2022 10:29 AM
94	from the presentations I attended-it is always good for some review so have standard	10/16/2022 10:18 AM

## 2022 Wounds Canada National Fall Conference: Overall Survey

language.-Good reflection on what is happening in wound care-by the presentation of all topics-not just localized wound care

95	Case studies	10/16/2022 10:15 AM
96	Discussion of evidenced based patient care with multidisciplinary team members. Sharing info. about the whole patient and the real life we witness in the pts home setting.	10/16/2022 10:14 AM
97	both the sponsor event and wounds Canada speakers - learning about new products and how they work, - great information good topic choice, oral posters sessions enjoyed	10/16/2022 10:12 AM
98	Exhibits and conversation with reps	10/16/2022 9:56 AM
99	Displays of product Presentations Knowledge challenge	10/16/2022 9:49 AM
100	Vendor and peer interaction	10/16/2022 9:33 AM
101	The workshop on the social-emotional experience of amputation care was very good.	10/16/2022 9:17 AM
102	Skills and sponsor vendor information	10/16/2022 9:15 AM
103	As a student, the detailed presentations with graphics were very helpful illustrating different types of wounds, syndromes, and diseases that lead to skin breakdown. The presenters were succinct and engaging which kept me energised in the content.	10/16/2022 8:35 AM
104	Case studies, framework review	10/16/2022 8:34 AM
105	Sessions	10/16/2022 7:42 AM
106	Review of wounds assessment and recommendations related to wound treatment; case studies	10/16/2022 12:59 AM
107	posters were quite informative. always enjoy hearing about the different products available and how they can help in my practice	10/15/2022 11:45 PM
108	Polling	10/15/2022 8:52 PM
109	All the exhibits with different companies, their resources and products. Also the virtual sessions that discussed specific case studies and product examples.	10/15/2022 8:24 PM
110	Case studies	10/15/2022 5:54 PM
111	Sponsor booths had good information. Recent guidelines reviewed. Case studies.	10/15/2022 5:29 PM
112	DFU, venous ulcers, pressure injury and infection management	10/15/2022 4:50 PM
113	Case studies surrounding products for wound management, dressings. As well the oral poster presentations were very educational.	10/15/2022 4:29 PM
114	Reviewing the wound hygiene, managing, treatment and understanding the most challenging in wound healing	10/15/2022 3:23 PM
115	none	10/15/2022 1:13 PM
116	Interaction with audience	10/15/2022 11:27 AM

125	lectures	10/14/2022 2:08 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

126	The stands with the reps representing the products and the doctors with advises	10/14/2022 1:43 PM
127	Great conference!	10/14/2022 1:34 PM
128	Virtual sessions	10/14/2022 12:28 PM
129	Networking, posters.	10/14/2022 12:09 PM
130	Great presentations and use of polls during the sessions!	10/14/2022 11:19 AM
131	Case study	10/14/2022 10:17 AM
132	Having the videos	10/14/2022 10:08 AM

## Q9 Describe at least two ways you intend to change your practice as a result of attending this conference:

Answered: 132 Skipped: 0

#	RESPONSES	DATE
1	Attention to expert nurse Prevention of long hospitalization	10/26/2022 7:57 PM
2	Try to use Vashe with certain wounds.	10/23/2022 4:20 PM
3	Just consciously use more current information to act as a supporter advocate for wound care.	10/23/2022 3:04 PM
4	None. Trust my instinct and move ahead with infection control practices - there were none at this conference. I've attended other health-related conferences during the pandemic and felt safer than with this conference.	10/21/2022 1:37 PM
5	I will contact some health care suppliers for samples and follow up with more CME for wound care of the feet.	10/21/2022 11:35 AM
6	Introduce Marathon fir tears	10/20/2022 9:53 PM
7	i feel i gained more knowledge of the ever changing field of woundcare, and its effect on how we provide care, so i think i will be able to make better careplans for my clients using this knowledge	10/20/2022 11:27 AM
8	I will watch the sessions I missed. I will explore further about returning to work.	10/19/2022 11:41 PM
9	Facilitate dialogue between practitioners	10/19/2022 1:06 PM
10	Assessment and communication I order to reach out for the application and appropriate treatment.	10/19/2022 12:39 PM
11	Engage more with colleagues and implement some learned practice.	10/19/2022 10:09 AM
12	knowing what to look for in foot health	10/19/2022 8:08 AM
13	Having in mind treatments options for atypical wounds and malignant wounds.	10/19/2022 8:06 AM
14	Insist on a doppler before Tx. Limit use of bulky dressings to diminish incidence of pseudomonas.	10/19/2022 7:35 AM
15	We plan to update our radiodermatitis skin care protocols session on VASHE was very interesting	10/19/2022 7:32 AM
16	Networking and best practices	10/19/2022 7:08 AM
17	ADVOCACY AND TRAINING OTHER HEALTHCARE WORKERS IN WOUND MANAGEMENT	10/19/2022 2:54 AM
18	I will aim to provide more education in my hospital based on what was learned from the wound conference. I will continue my learning through the information I collected from the conference and call on the experts (who kindly left their emails) to reach out to if needed	10/19/2022 1:42 AM
19	Implement leadership practice for our wound care specialist team, understand the impact of stress in my practice, implement emotional intelligent to lead the team, use of Vashe. Case studies were great, and provided the best way for learning	10/18/2022 9:38 PM
20	There was nothing really new on the table to learn. I will rethink my future attendance in person. I physically came to view new products at the vendor fair but there were only 24 booths.I could have attended virtually for much lesser cost. Very disappointing and very little new.	10/18/2022 9:23 PM
21	NA	10/18/2022 7:08 PM
22	look at my patient as a whole, utilizing the whole interdepartmental team Look at different treatment options	10/18/2022 5:39 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

23	Teach clients in wound prevention and to be patient with non complacent clients in my health centre and my homecare clients	10/18/2022 5:07 PM
24	I will try to do what I had learned in the conference and try to influence my co-worker about wound care.	10/18/2022 4:38 PM
25	assessments wound management	10/18/2022 4:29 PM
26	I have signed up for the Wound Care Champion course offered by Wounds Canada	10/18/2022 3:44 PM
27	More best practice recommendations. I applied for the wound champion training.	10/18/2022 3:21 PM
28	Do more prevention awareness, inform patients to inspect their feet,	10/18/2022 3:20 PM
29	Find more time to validate my patient's preception	10/18/2022 3:16 PM
30	none	10/18/2022 3:08 PM
31	Ask client to bring lab results to admission Create Did you Knows to share knowledge with new hires. Assist in preparing new hires to be aware what looking at and assess practice each visit.	10/18/2022 3:01 PM
32	Include the Patient in treatment	10/18/2022 12:17 PM
33	Be more curious with new products, do the research on topics less familiar to me	10/18/2022 11:23 AM
34	increase healing of wounds	10/18/2022 9:51 AM
35	Deep debridement and utilizing some of the newer products to manage wounds	10/17/2022 10:32 PM
36	Use of Vashe Share iwii guidelines	10/17/2022 5:56 PM
37	sdfad	10/17/2022 5:15 PM
38	all	10/17/2022 1:44 PM
39	to make appropriate referrals	10/17/2022 1:29 PM
40	facility policy ensures already doing everything appropriately	10/17/2022 1:09 PM
41	1) I will try and use swabs more purposefully and accurately 2) I will also try and take some mental notes on how to avoid mental burn out at the health centre. discuss it with my team	10/17/2022 10:25 AM
42	looking at interdisciplinary team connected with pressure injury leader	10/17/2022 9:10 AM
43	1.) Assessing the nutrition status of my clients that are going for surgery (bowel surgery specifically as I am an ostomy nurse) pre-operatively. Including a referral to the dietitian if needed. 2.) Better able to treat radiation wounds and provide suggestions to clients that are going to undergo radiation some preventive skincare tips.	10/17/2022 7:35 AM
44	Use the wound are toolkit, do a vascular referral for wounds	10/17/2022 7:27 AM
45	Wound cleanser, nutrition	10/17/2022 7:22 AM
46	Improve patient care	10/17/2022 4:10 AM
47	Increased networking and self-care	10/17/2022 1:13 AM
48	none	10/16/2022 11:27 PM
49	- Ability to recognize pg and eb as differential diagnoses - Improved ability to effectively treat the aforementioned conditions	10/16/2022 10:41 PM
50	Utilizing guides for holistic wound assessment and infection. Mindfulness with my practice	10/16/2022 8:23 PM
51	Listen more attentively to patients/co-workers and increase my learning in diabetes complications.	10/16/2022 8:22 PM
52	Mental health strategies Increase multidisciplinary team involvement	10/16/2022 8:02 PM
53	Use the knowledge I gained from the conference. Look for more opportunities to enhance my knowledge	10/16/2022 7:44 PM
54	Update best practices, trial of new products	10/16/2022 4:38 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

55	to utilize the information gained, especially towards patient interaction in their treatment process	10/16/2022 4:21 PM
56	Adopting Coloplast wound care pathway	10/16/2022 3:50 PM
57	Stronger advocacy for proper wound and oedema dressings. Use of proper techniques for wound tx Use of the guidelines provided	10/16/2022 3:32 PM
58	I plan to work on becoming a wound care champion	10/16/2022 3:31 PM
59	Increased awareness of product availability.	10/16/2022 3:14 PM
60	No changes planned	10/16/2022 3:03 PM
61	Just add in information in clinical conversation about importance for foot care and the ways of doing so especially when patients who are at risk are identified.	10/16/2022 2:36 PM
62	Review standards of practice in wound management via the resources available through Wounds Canada Updating arterial/venous assessments with patients. Optimizing pH for health tissue growth/promotion	10/16/2022 2:35 PM
63	Be more aware of burn out in myself and my colleagues. Consider alternate biopsy sites. Trial new products encountered at the cono	10/16/2022 2:27 PM
64	skin barriers, vascular testing	10/16/2022 2:22 PM
65	Awareness! And more resources to make best practice in my clinical settings	10/16/2022 2:06 PM
66	Leadership and CoP development	10/16/2022 2:04 PM
67	involve my care team and advocate to have an ot and pt in our clinic	10/16/2022 1:59 PM
68	enroll in wound care level one and two courses and utilize my expertise in specializing in only woundcare.	10/16/2022 1:58 PM
69	Information given reinforced and enhanced my wound care practice.	10/16/2022 1:54 PM
70	finding new ways to integrate a collaborative approach to care, increasing the wholistic approach to assessment and treatment	10/16/2022 1:53 PM
71	radiation wounds and introduction of vashe	10/16/2022 1:51 PM
72	-I intend to try some of the new drsgs for skin tears. - I will not swab all wounds unless does not appear to be healing	10/16/2022 1:48 PM
73	More collaborative	10/16/2022 1:46 PM
74	improve interprofessional collaboration and become more of an advocate for the clients	10/16/2022 1:40 PM
75	I intend to learn more about Malignant sounds -involve family and caregivers in PIP	10/16/2022 1:33 PM
76	advocate on behalf of practitioners and clients the importance of wound health	10/16/2022 1:30 PM
77	More communication with care partners and families. Develop or use written information on admission to the facility.	10/16/2022 1:30 PM
78	Change in dealibg with certain wounds	10/16/2022 1:30 PM
79	Linda Moss really highlighted the impact of involving and educating family in care. I will now be even more proactive in educating family and help to update or pamphlets on pressure injuries	10/16/2022 1:25 PM
80	Using in my practice	10/16/2022 1:24 PM
81	to practice properly the wound hygiene and using a new product that can save our patient's life (i.e. vash)	10/16/2022 1:22 PM
82	- wound selection - increased resources to gain and apply information	10/16/2022 1:03 PM
83	Vascular Referrals Lymfedema management	10/16/2022 12:28 PM
84	How to use certain products to better help patients. Helping to educate staff on how to help pts wounds heal	10/16/2022 12:12 PM
85	Bringing back information to the front line workers and interdisciplinary team members. Hoping	10/16/2022 12:06 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

	to use some updated tools within the hospital	
86	Look and listen to my patients. Look at various treatment options	10/16/2022 11:36 AM
87	Health teaching regarding pre interventions for radiation burns Improved skin care recommendations	10/16/2022 11:17 AM
88	spread the info to other AHPs, advocate more for pt treatments	10/16/2022 11:16 AM
89	Implementation of ehealth, increased adjunct therapy	10/16/2022 10:56 AM
90	Share info with my colleagues Trying some new products	10/16/2022 10:51 AM
91	attend next conference involve my ET	10/16/2022 10:44 AM
92	Empathy and nutrition awareness	10/16/2022 10:36 AM
93	1. By sharing g the knowledge, & information with my colleagues. 2. By applying the knowledge that I gained in the conference in my area of practice	10/16/2022 10:29 AM
94	-Disclosure and understanding that if use of something is "off label" there will be issues in instituting the change in all communities of care.	10/16/2022 10:18 AM
95	I will be listening to my patient more. More holistic care Explore the various treatment options	10/16/2022 10:15 AM
96	The review of shared knowledgable information will improve my practice, for the patient and their families and my colleagues.	10/16/2022 10:14 AM
97	training of staff, liked the handy tool relating to infection wound cleansing and how to swab a wound	10/16/2022 10:12 AM
98	Be more self aware. Better use of products	10/16/2022 9:56 AM
99	Products being used Cleaning a wounf	10/16/2022 9:49 AM
100	Na	10/16/2022 9:33 AM
101	Use of diabetic foot pathway & The information on emotional intelligence and burn out	10/16/2022 9:17 AM
102	Principals of best practice and assessment tools	10/16/2022 9:15 AM
103	I work as a unit care aide so I will be taking the opportunity to look for involvement with wound care as much as possible so I can observe different techniques and products in action.	10/16/2022 8:35 AM
104	Framework for wound infection. 5 steps to wound care was good Burn out discussion was great at start of the day	10/16/2022 8:34 AM
105	Using different wound care treatments	10/16/2022 7:42 AM
106	Implement new knowledge and recommendations; try new products	10/16/2022 12:59 AM
107	using more of the handouts and info I was able to download to my swag bag	10/15/2022 11:45 PM
108	Learn more about cultural Awareness Collaboration with multidisciplinary team	10/15/2022 8:52 PM
109	Increase use of appropriate wound cleansers and clean with intent. Improve my assessment of wounds, following best practice guidelines.	10/15/2022 8:24 PM
110	Update wound care dressings and soaks Discuss probiotics/nutrition more often	10/15/2022 5:54 PM
111	Change assessment of some wounds. Enhanced wound cleansing.	10/15/2022 5:29 PM
112	Education for new hires	10/15/2022 4:50 PM
113	I plan to advocate for a greater variety of cleansers, and wound management methods guided by greater awareness gained through the Wounds Canada Conference. To use resources gained from the Wounds Canada Conference as a teaching tool and to promote patient and family engagement in wound management in the community, for example a brochure about the dressing being used.	10/15/2022 4:29 PM
114	Increase self confidence to be able to share my knowledges on wound care / management to co registered staff. Be Proactive in wound care. Confident on teaching and educating the PSW on prevention of the skin wounds to the resident.	10/15/2022 3:23 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

115	infection guidelines	10/15/2022 1:13 PM
116	Coban usage for longer time. Pathway for chronic wounds.	10/15/2022 11:27 AM
117	Increase patient education	10/15/2022 10:48 AM
118	More self reflection. More consideration of others.	10/15/2022 10:31 AM
119	i will not change my practice. The only advanced sessions were industry sessions	10/15/2022 9:26 AM
120	better care for the diabetic foot ulcers	10/15/2022 8:41 AM
121	More client education More colleagues cooperation	10/14/2022 3:27 PM
122	Interpersonal approach Data collection	10/14/2022 3:05 PM
123	I can share some new knowledge and teach it to other nursing teams. Being more mindful of how I manage my stress	10/14/2022 2:17 PM
124	Try some on the products	10/14/2022 2:13 PM
125	more patient knowledge as well as encourage staff discussions about their own wellbeing	10/14/2022 2:08 PM
126	I intend to use what I learned today. I will ask for V a s h e solution in my Clinic	10/14/2022 1:43 PM
127	-try the different modalities that I learned -inform others at my worplace of what I learned	10/14/2022 1:34 PM
128	Share info learned and put into practice	10/14/2022 12:28 PM
129	Not sure	10/14/2022 12:09 PM
130	-improve wound care -try different interventions as learned from the sessions	10/14/2022 11:19 AM
131	Tey to get the products	10/14/2022 10:17 AM
132	Im not sure yet	10/14/2022 10:08 AM

## Q10 What was the least effective part of this program and why?

Answered: 132 Skipped: 0

#	RESPONSES	DATE
1	Teamthrapy Debridement	10/26/2022 7:57 PM
2	none	10/23/2022 4:20 PM
3	It was all fine, just some of the info was beyond my scope irrelevant. But useful to others, nonetheless.	10/23/2022 3:04 PM
4	No infection control practices were in place for in-person conference. A request to present virtually was asked to the conference planning committee, the option was declined. However, a presenter was able to present virtually from Australia.	10/21/2022 1:37 PM
5	Much of the material wasn't that relevant to my practice; however,I did find it interesting.	10/21/2022 11:35 AM
6	None	10/20/2022 9:53 PM
7	i felt that overall it was a very good learning experience, some of the info was alittle over my knowledge level but it gave me insentive to look up some of the information so that i could better grasp what they were speaking about.	10/20/2022 11:27 AM
8	I missed much of it.	10/19/2022 11:41 PM
9	none	10/19/2022 1:06 PM
10	Not being able to see and interact with the product specialists. Hoping the weekend there won't be a conflict again, so that it will be all virtual.	10/19/2022 12:39 PM
11	Interaction was non existence for virtual attendees	10/19/2022 10:09 AM
12	none	10/19/2022 8:08 AM
13	The room where the conference took place was probably to improve (a long, but not wide room).	10/19/2022 8:06 AM
14	I don't have facebook and conference had an emphasis on that element.	10/19/2022 7:35 AM
15	Had a hard time to connect so lost the beginning of a few sessions	10/19/2022 7:32 AM
16	None	10/19/2022 7:08 AM
17	HOW THE ORGINIZERS CAN ADVICE ON GRANTS IF SOMEONE WANT TO UNDERTAKE A RESEARCH, ALSO LOOKING INTO SPONSORING PEOPLE FROM LMIC CAN BE GETTING A SUBSIDIZED REGISTRATION COLLABORATION AND HOW WE CAN DO JOINT RESEARCH TOGETHER	10/19/2022 2:54 AM
18	not enough time with the vendors	10/19/2022 1:42 AM
19	None	10/18/2022 9:38 PM
20	Poor attendance and new and interesting topics I have addressed the reasons above	10/18/2022 9:23 PM
21	NA	10/18/2022 7:08 PM
22	it was all great	10/18/2022 5:39 PM
23	There where no effective parts of the program it was all relevant	10/18/2022 5:07 PM
24	I had a hard time viewing the conference on my phone, I can only see half of the slide.	10/18/2022 4:38 PM
25	I thought all that I attended was effective	10/18/2022 4:29 PM
26	poling was helpful in some instances not all though	10/18/2022 3:44 PM
27	I didn't like the venue/ main hall was awkward for a conference	10/18/2022 3:21 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

28	No comment	10/18/2022 3:20 PM
29	First of all, it would be ideal to provide the participants with a booklet and a pen upon registration to take notes. The breakfast and the lunch were below average. There was no time management to interact with the industry.	10/18/2022 3:16 PM
30	none	10/18/2022 3:08 PM
31	Would like to have access to virtual recordings of conference now that complete but so can use as reference or relisted to difficult to comprehend accents during presentation. Listening to recording would aid in better understanding for difficult to understand speakers	10/18/2022 3:01 PM
32	Leadership	10/18/2022 12:17 PM
33	Nothing	10/18/2022 11:23 AM
34	indigenous information	10/18/2022 9:51 AM
35	Session on politics and advocacy	10/17/2022 10:32 PM
36	No reference lists or slide decks available. Very tight quarters in exhibit hall, difficult to reach reps at times. Virtual presenter audio difficult to hear, very fuzzy at times.	10/17/2022 5:56 PM
37	dfdsf	10/17/2022 5:15 PM
38	all	10/17/2022 1:44 PM
39	n a	10/17/2022 1:29 PM
40	n/a	10/17/2022 1:09 PM
41	The talk on skin tears and stoma ulcers. not my field	10/17/2022 10:25 AM
42	too much focus on pressure injury	10/17/2022 9:10 AM
43	Not enough time for questions in some of the presentations.	10/17/2022 7:35 AM
44	Please also write the cost of a product when the presenters are promoting a product. It would help with making fiscal decisions	10/17/2022 7:27 AM
45	Not sure	10/17/2022 7:22 AM
46	No	10/17/2022 4:10 AM
47	Two 11 hour days (7 am breakfast to 6 pm) is to long	10/17/2022 1:13 AM
48	Time and resources	10/16/2022 11:27 PM
49	Discussion involving indigenous communities, not that it isn't a useful topic, but just not relevant to me as the private practices I work for have no indigenous identifying individuals as part of the client base	10/16/2022 10:41 PM
50	Virtual lectures in person were sometimes difficult to maintain engaged with. Technical difficulties and delays with starting the presentations also resulted in reduced interest	10/16/2022 8:23 PM
51	Could have more options for breakfast and lunch. And to identify if meals are provided or not.	10/16/2022 8:22 PM
52	Limited time for Q&A. That is the most important part and was repeatedly cut off	10/16/2022 8:02 PM
53	Effective overall	10/16/2022 7:44 PM
54	Rooms and conference area below ground, hard on the body	10/16/2022 4:38 PM
55	none noticed	10/16/2022 4:21 PM
56	I would rather attend in person but that was my choice.	10/16/2022 3:50 PM
57	I found it all effective but the pa for some speakers was not loud enough and I struggled to hear some speakers	10/16/2022 3:32 PM
58	I find slides with a lot of written material difficult to read and focus on. Slides with shorter bullet points are easier to follow and less visually distracting.	10/16/2022 3:31 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

59	The costs associated are somewhat prohibitive given the current nursing climate in this province.	10/16/2022 3:14 PM
60	Ability to logon and get to the lectures, poor communication	10/16/2022 3:03 PM
61	NA	10/16/2022 2:36 PM
62	Would like to see more hands-on sessions where we as clinicians can be shown by manufacturers how to use, apply their various products on the market for wound management. More opportunity for didactic hands-on would be of value. Learning by doing.	10/16/2022 2:35 PM
63	Vendor hall was small and very crowded making interaction difficult. No consideration for COVID; not even available hand sanitizer. Also, poster presentations were not available for viewing at viewing stations until Saturday. Theo was TOO late.	10/16/2022 2:27 PM
64	not sure	10/16/2022 2:22 PM
65	NA	10/16/2022 2:06 PM
66	Some of the polls did not have accessible q&a through the app	10/16/2022 2:04 PM
67	there were no ineffective parts to the porgram.all was relevant to each other	10/16/2022 1:59 PM
68	some presentors ran out of time, which made them rush through the endings.	10/16/2022 1:58 PM
69	Nil.	10/16/2022 1:54 PM
70	emphasis on research presentation rather than concrete guidelines for treatment and assessment in the everyday hospital practice setting	10/16/2022 1:53 PM
71	not sure	10/16/2022 1:51 PM
72	can't think of anything, enjoyed it all	10/16/2022 1:48 PM
73	Covid related topics- my work did not change due to covid	10/16/2022 1:46 PM
74	None	10/16/2022 1:40 PM
75	The nutrition provided was below average	10/16/2022 1:33 PM
76	N/A	10/16/2022 1:30 PM
77	Some discussions were basic and did not provide my with a deeper understanding in wound care I was searching for. Some lectures may be rated for beginners and some for more advanced clinicians. I think there should be 2 streams. I could see this as being overwhelming for some and kinda basic for others.	10/16/2022 1:30 PM
78	None	10/16/2022 1:30 PM
79	Being virtual limited interactions (but my own decision)	10/16/2022 1:25 PM
80	Not a single	10/16/2022 1:24 PM
81	I didn't see one	10/16/2022 1:22 PM
82	I appreciate the topics regarding mental health and the team involved in client centered care. However It did take time away from case studies and wound care litature.	10/16/2022 1:03 PM
83	None	10/16/2022 12:28 PM
84	Virtual care options are only effective if pts have access to them and finding is available for smart dressings	10/16/2022 12:12 PM
85	Not sure	10/16/2022 12:06 PM
86	It was great	10/16/2022 11:36 AM
87	Presenters who read directly from slides	10/16/2022 11:17 AM
88	1- some of the speakers just reading from slides 2- some of the speakers relying too much on audience participation, reading all results, waiting for more results through app that takes you out of their talk	10/16/2022 11:16 AM
89	Sponsor exhibits	10/16/2022 10:56 AM

## 2022 Wounds Canada National Fall Conference: Overall Survey

90	For me it was some of the oral posters. Not a lot of info that I would use in my practice.	10/16/2022 10:51 AM
91	self absorbed presenters	10/16/2022 10:44 AM
92	?	10/16/2022 10:36 AM
93	Posters are too small to be able to read what's written on them	10/16/2022 10:29 AM
94	This year the change in the way the IN person was done-usually the pre day was mostly sponsored learning before-so many funders did reduce the amount of time paid to attend this year.	10/16/2022 10:18 AM
95	it was all great. Would have been nice to receive hard copies of the information and samples from the vendors via email as I attended virtually	10/16/2022 10:15 AM
96	Virtually, sometimes questions were not answered	10/16/2022 10:14 AM
97	not being able to participate in the workshops being virtual	10/16/2022 10:12 AM
98	Use of the cow bell to indicate next session. Very annoying as important conversations were occurring and we are being herded like children to session	10/16/2022 9:56 AM
99	The cow bell was very disruptive when interacting with suppliers. I'm an adult and can determine what is in my best interest.	10/16/2022 9:49 AM
100	Oral posters. Did not find them enjoyable	10/16/2022 9:33 AM
101	Hmmmm it was all interesting!	10/16/2022 9:17 AM
102	More hands on is needed, 2 agendas put all on one agenda would be easier	10/16/2022 9:15 AM
103	The documents and videos that the exhibit hall booths have, it would be nice if they could be visible on the booths page without downloading.	10/16/2022 8:35 AM
104	Oral talks (zoom meeting). I found burn presentation was not that informative	10/16/2022 8:34 AM
105	None	10/16/2022 7:42 AM
106	It would be beneficial if the hands on application of compression therapy was provided to improve skills	10/16/2022 12:59 AM
107	none to note	10/15/2022 11:45 PM
108	Nothing	10/15/2022 8:52 PM
109	The posters, there was not sufficient time allocated to review and discuss them. There are some really amazing research posters, would have been nice to have spent some more time on this.	10/15/2022 8:24 PM
110	Posters	10/15/2022 5:54 PM
111	Some presentations didn't leave enough time for questions/discussion.	10/15/2022 5:29 PM
112	Oral presentation of poster boards	10/15/2022 4:50 PM
113	I enjoyed the program.	10/15/2022 4:29 PM
114	None	10/15/2022 3:23 PM
115	that it was hybrid so more could attend virtually	10/15/2022 1:13 PM
116	I found the Friday presentations were less interested from clinical perspective (from my personal view).	10/15/2022 11:27 AM
117	The exhibitor hall	10/15/2022 10:48 AM
118	No sure. Always impressed with the quality of speakers and diversity of subjects.	10/15/2022 10:31 AM
119	having a surgeon speak on burnout to nurses. the audience is made up of nurses and there was not one mention of nurse burnout.	10/15/2022 9:26 AM
120	none	10/15/2022 8:41 AM
121	No physical Posters	10/14/2022 3:27 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

122	Oral poster	10/14/2022 3:05 PM
123	I had technical difficulties with the virtual platform. I was disappointed after downloading the wound Canada app that I could not link directly to the conference from there. I had to log out of zoom and back in due to some audio issues but I had to go find the link in my email and login each time.	10/14/2022 2:17 PM
124	All were helpful	10/14/2022 2:13 PM
125	the lounge (online)	10/14/2022 2:08 PM
126	No coffee at lunch time. No Gluten free pastries available at all	10/14/2022 1:43 PM
127	-too short of a lunch break, prefer 1 hour lunch break	10/14/2022 1:34 PM
128	Polls. Couldn't find them easy during presentation	10/14/2022 12:28 PM
129	2 agendas was confusing and totally unnecessary. Sessions I planned to attend were missed d/t the decision to separate out sponsored vs non-sponsored sessions. Why not follow conference best practice and earmark the sponsored sessions. The Osgoode session room was not conducive to adult ed.	10/14/2022 12:09 PM
130	-has a short lunch break, prefer 1 hour lunch break	10/14/2022 11:19 AM
131	None	10/14/2022 10:17 AM
132	There was no least effective part	10/14/2022 10:08 AM

## Q11 Please list any topics you would like to see addressed in future conferences:

Answered: 132 Skipped: 0

#	RESPONSES	DATE
1	Chronic wounds infection	10/26/2022 7:57 PM
2	vac therapy debridement	10/23/2022 4:20 PM
3	A focus on offloading materials / manufacture of custom foot othotics for better health outcomes re pre-wound/post-wound conditions	10/23/2022 3:04 PM
4	N/A	10/21/2022 1:37 PM
5	More information on offloading foot ulcers.	10/21/2022 11:35 AM
6	How to affective my lobby for transfer of skill for debridement and compression to nurses in health authorities	10/20/2022 9:53 PM
7	i would like to learn more about dermatological issues, treatments and what i can use to teach my patients on how to handle their care	10/20/2022 11:27 AM
8	Exercise considerations during wound care.	10/19/2022 11:41 PM
9	biopsie anatomy	10/19/2022 1:06 PM
10	Increasing vascular cases, with poor perfusion and poor outcomes of healing. Would like to see the research and what is being done rather than always limb loss.	10/19/2022 12:39 PM
11	I cannot think of any	10/19/2022 10:09 AM
12	more on foot health	10/19/2022 8:08 AM
13	Calciphylaxis, Martorell ulcers and vasculitis. Offloading modalities and orthotics specifications.	10/19/2022 8:06 AM
14	how to deal with wet and dry gangrene.	10/19/2022 7:35 AM
15	heel wounds, how to care for them in elderly population	10/19/2022 7:32 AM
16	Health policy for offloading for diabetic foot ulcer and long term compression support initiative	10/19/2022 7:08 AM
17	TELEMEDICINE IN A WAY KNOWLEDGE CAN BE SHARED BETWEEN DEVELOPED AND LOW AND MIDDLE INCOME COUNTRIES WHERE WE CAN ORGANISE FOR VIRTUAL MEETINGS	10/19/2022 2:54 AM
18	Really appreciated the information on burnout and mental health of the health care force- this left an impact on me and my future practice	10/19/2022 1:42 AM
19	atypical wounds, management of unavoidable pressure injuries	10/18/2022 9:38 PM
20	We need to step it up and be more like Wounds UK, the US and Europe . Poor home care nursing and lack of educated wound nurses Poor continuity of care from hospital to home. How to recruit and retain wound nurses and champions	10/18/2022 9:23 PM
21	Less virtual and more in-person participation. For exhibitors, there need to be more options for delivering boot materials to and from the conference. Freeman was inadequate and overpriced.	10/18/2022 7:08 PM
22	?	10/18/2022 5:39 PM
23	Program met my expectations and even more than I expected,Loved every aspect of the program	10/18/2022 5:07 PM
24	Any topic on improving wound care practice.	10/18/2022 4:38 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

25	if partnering with a First Nations group, maybe have some be part of the presentation.	10/18/2022 4:29 PM
26	further information and treatment options for disrupting Biofilm. Offloading using felts. Presentation by Pedorthist, pressure mapping system ensuring offloading is occurring in custom insoles,	10/18/2022 3:44 PM
27	Lifestyle management promotion for clients and how to encourage change	10/18/2022 3:21 PM
28	Neuropathy	10/18/2022 3:20 PM
29	DUF NPWT	10/18/2022 3:16 PM
30	all good	10/18/2022 3:08 PM
31	Matrix choices	10/18/2022 3:01 PM
32	More Podiatrist speakers	10/18/2022 12:17 PM
33	New research and/or tips on offloading DFU for patient that has no financial support, anything related to nutrition,	10/18/2022 11:23 AM
34	mental health and connection to wounds	10/18/2022 9:51 AM
35	imaging of the foot with a radiologist. Surgical management via soft tissue and osseous surgery	10/17/2022 10:32 PM
36	Peri Ostomy skin breakdown	10/17/2022 5:56 PM
37	team work...how the health care team communicates with each other....including Chiropodists!!!!	10/17/2022 5:15 PM
38	all	10/17/2022 1:44 PM
39	i will email once i think of any!	10/17/2022 1:29 PM
40	n/a	10/17/2022 1:09 PM
41	more talks on diabetic foot ulcerations	10/17/2022 10:25 AM
42	leadership	10/17/2022 9:10 AM
43	another presentation on mental health/burnout/compassion fatigue. it would also be nice to see a presentation on cultural safety in for other cultural groups that are represented in Canada.	10/17/2022 7:35 AM
44	Debridement workshops, how to identify bullous pemphigoid	10/17/2022 7:27 AM
45	???	10/17/2022 7:22 AM
46	Reversible Diabetes Neuropathies	10/17/2022 4:10 AM
47	Indigenous healing practices	10/17/2022 1:13 AM
48	.	10/16/2022 11:27 PM
49	total contact casting for wounds	10/16/2022 10:41 PM
50	Nutrition Intrinsic and extrinsic factors affecting wound healing Social barriers to care	10/16/2022 8:23 PM
51	Basic wound care	10/16/2022 8:22 PM
52	Hard to heal wounds	10/16/2022 8:02 PM
53	NA	10/16/2022 7:44 PM
54	Beginners guide to wound care Outline NSWOC CSWD BPR	10/16/2022 4:38 PM
55	none	10/16/2022 4:21 PM
56	when speaking about consulting experts there are varying levels of experts. I would like to see involvement of an expert from the beginning in the assessment and planning as well as reassessing stages. Examples of this being done or a framework on how to do this would be helpful	10/16/2022 3:50 PM
57	Complicated or infected surgical wounds in the obese home care pt. Advocacy for home care	10/16/2022 3:32 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

	pt living in remote areas where the health care team has limited resources	
58	Presentations from various dressing companies regarding specifics of their products and when to use them.	10/16/2022 3:31 PM
59	Frostbite protocol is often under discussed.	10/16/2022 3:14 PM
60	No comment	10/16/2022 3:03 PM
61	Specific offloading techniques and material options for custom orthotics. I would be happy to present on this important topic.	10/16/2022 2:36 PM
62	More case studies with foot related wound management that includes steps to overall resolution of a wound. Further discussion of the importance of nutrition and ways patient's can support their own health to encourage wound healing.	10/16/2022 2:35 PM
63	Have enjoyed previous. Inferences with different content streams aimed at different topics and levels of health provider	10/16/2022 2:27 PM
64	skin and wound infections, tropical infections, dermatology	10/16/2022 2:22 PM
65	Debridement, nutrition, dressings, vac dressings, harm reduction	10/16/2022 2:06 PM
66	More provider stories	10/16/2022 2:04 PM
67	Policy in regards to Indigenous Health and access to care	10/16/2022 1:59 PM
68	none, to know at the moment. new to this.	10/16/2022 1:58 PM
69	Although conference topics should include new and latest information, I think it is important to include fundamental basic principles, as well.	10/16/2022 1:54 PM
70	treatment of behavioural/non-compliant patients, patients who self harm through behaviours (poor nutrition, ignoring recommendations), approaches to patient treatment for patients who are actively disinterested in participating in improving their health or wounds	10/16/2022 1:53 PM
71	management for skin that is not receptive to adhesives ostomy and dressings.	10/16/2022 1:51 PM
72	?	10/16/2022 1:48 PM
73	0	10/16/2022 1:46 PM
74	Any topic would be wonderful	10/16/2022 1:40 PM
75	I always look forward to attending the conference yearly for professional development. I propose that the organizers look more into being diverse and inclusive in participants, volunteers, and topics. With increase in immigration in Canada, there are more people of colour presenting with wounds, there was no topic on that during the event! even prizes won were all for Caucasians! That is a reflection of polarised the attendance was	10/16/2022 1:33 PM
76	more diabetic foot ulcers	10/16/2022 1:30 PM
77	I'm not sure yet as I have not been able to view all provided materials. As a clinician I am asked to look at a variety of rashes as well as wounds. Rashes 101 would be of great use to me.	10/16/2022 1:30 PM
78	?	10/16/2022 1:30 PM
79	Dieticians, physiotherapy, occupational therapy roles in wound care	10/16/2022 1:25 PM
80	Anything comes up its important	10/16/2022 1:24 PM
81	More of diabetic wounds. Latest interventions and research-based practices in improving the treatments.	10/16/2022 1:22 PM
82	- more on changes of wound care over the course of health care. - vac drsg. - statistical data.	10/16/2022 1:03 PM
83	Smart technologies	10/16/2022 12:28 PM
84	Parastomal wounds	10/16/2022 12:12 PM
85	More wound care hands on and more information	10/16/2022 12:06 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

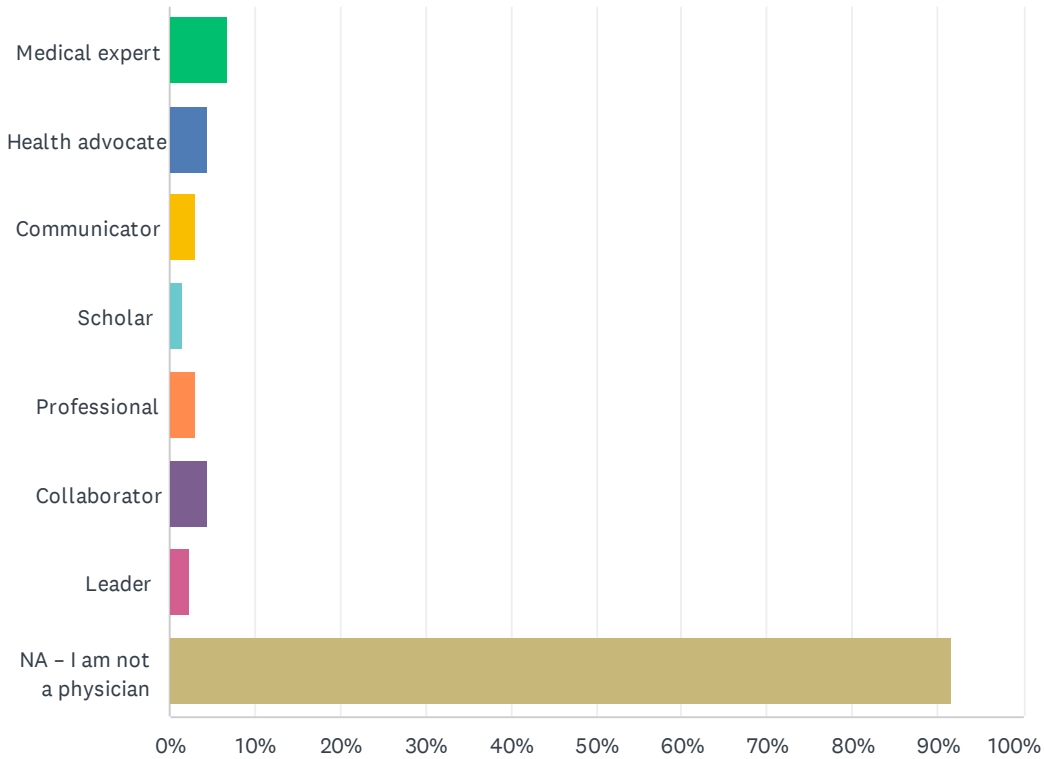

86	Not sure	10/16/2022 11:36 AM
87	Burns and treatments Shoe selection for people with diabetes	10/16/2022 11:17 AM
88	see question 8. Constantly new items are always being spoke about but clearly the basics and identification of the original issue seems to be more important.	10/16/2022 11:16 AM
89	Not sure	10/16/2022 10:56 AM
90	Always an interest for me: PVD and CAD Diabetic foot ulcers	10/16/2022 10:51 AM
91	fistulas	10/16/2022 10:44 AM
92	?	10/16/2022 10:36 AM
93	Pressure Injury prevention, & management	10/16/2022 10:29 AM
94	I actually liked the balance this year of issues for practitioners, health care system and then the patient-looking into all levels that effect care. The people who use drug session was great start-encompassed the full health needs in the circle of care-as well as cultural aspects.	10/16/2022 10:18 AM
95	You covered about everything this year	10/16/2022 10:15 AM
96	Hydradenitis supiritiva Funding options for neccesary devices for off loading Chiropodist views and case studies OT presenters	10/16/2022 10:14 AM
97	love the diversity of topics you cover	10/16/2022 10:12 AM
98	N/a	10/16/2022 9:56 AM
99	Products	10/16/2022 9:49 AM
100	Na	10/16/2022 9:33 AM
101	Would enjoy more interdisciplinary sessions (a dietitian, pharmacist, OT...) panel approach. Also would love a session on diabetes tech and associated skin conditions. In our DEC we are seeing more issues with skin issues and diabetes tech (pumps, sensors, infusion sets).	10/16/2022 9:17 AM
102	Colleges and regulations scope of practice wound care allowances and advancements ? How can or where are we with getting stakeholders to catch up or hold back ?	10/16/2022 9:15 AM
103	I'm not experienced enough to make a solid suggestion	10/16/2022 8:35 AM
104	Case studies, current research review needs to be more in-depth review.	10/16/2022 8:34 AM
105	Acute wound care	10/16/2022 7:42 AM
106	Use of different therapeutic mattresses; physiotherapy in rehabilitation after wound healing; amputation (surgical procedures, compression application, prosthesis fitting), patients and their perspective related to wound therapy (ies), challenges in wound care in remote and rural areas, homelessness and wound care, patient navigation and referrals and reimbursements, frostbite management.	10/16/2022 12:59 AM
107	I like seeing rural/northern/indigenous content. also enjoy footcare specific topics	10/15/2022 11:45 PM
108	More indigenous with leaders and patients More mental health	10/15/2022 8:52 PM
109	Wound care in frail elderly population, as often cannot use certain products or adhesives, their needs are different and can be complicated, strategies for focusing on comfort and pain relief. Wound care and strategies to treat skin impairments in those with physically responsive behaviours- in a couple of sessions this was very briefly touched on, but would be nice to have additional information or suggestions.	10/15/2022 8:24 PM
110	More on nutrition	10/15/2022 5:54 PM
111	Charcot foot solutions. Dermatology. Unusual wounds.	10/15/2022 5:29 PM
112	PHysio and mobility	10/15/2022 4:50 PM
113	Wounds caused by Trauma (MVC), interdisciplinary approach Chronic wounds due to post op complications	10/15/2022 4:29 PM
114	varicose veins , deep vein thrombosis	10/15/2022 3:23 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

115	continue with option for virtual	10/15/2022 1:13 PM
116	Using cost effective way to manage chronic wounds	10/15/2022 11:27 AM
117	Mental health among wound patients	10/15/2022 10:48 AM
118	Discussion about creation of certified wound specialists.	10/15/2022 10:31 AM
119	advanced sessions	10/15/2022 9:26 AM
120	none	10/15/2022 8:41 AM
121	Massive Pressure injuries with very narrow opening management	10/14/2022 3:27 PM
122	Real case history and management	10/14/2022 3:05 PM
123	Biofilm	10/14/2022 2:17 PM
124	Wound dressings	10/14/2022 2:13 PM
125	patients wellbeing and mental health during wound treatments	10/14/2022 2:08 PM
126	Picture pre and post treatments. I saw mainly pre and not the post	10/14/2022 1:43 PM
127	-more of DM foot ulcers	10/14/2022 1:34 PM
128	Complex Lower limb!! More!	10/14/2022 12:28 PM
129	Political advocacy. Ethics. Social determinants of health.	10/14/2022 12:09 PM
130	-more diabetic foot ulcers	10/14/2022 11:19 AM
131	Mone	10/14/2022 10:17 AM
132	Nore with geriatrics	10/14/2022 10:08 AM

### Q12 If you are a physician, please indicate which CanMEDS roles you felt were addressed during this conference (select all that apply):

Answered: 132 Skipped: 0

ANSWER CHOICES	RESPONSES	
Medical expert	6.82%	9
Health advocate	4.55%	6
Communicator	3.03%	4

Leader	2.27%	3
NA – I am not a physician	91.67%	121
Total Respondents: 132		

## Q13 Please enter any general comments or feedback below:

Answered: 91 Skipped: 41

#	RESPONSES	DATE
1	TNX	10/26/2022 7:57 PM
2	Everything is interesting, Tahnk you	10/23/2022 4:20 PM
3	Other academic conferences have reported on whether or not someone in attendance was positive for covid. This conference did not take the responsibility to inform it's attendees post-conference. For speakers - please make sure that the stage is set up properly. A few speakers had to look at the slides to the right of them on the wall while presenting because they could not see the slides on the ground. The podium was too high. Have different members of the conference planning committee, with various heights, test out the stage ergonomics. Another improvement would be to allow presenters bring their own lap tops onto the podium - so that they can see their slides.	10/21/2022 1:37 PM
4	I am able to get into sessions, but unable to communicate well for getting samples related to podiatry. This is more a personal weakness rather than a reflection on the conference.	10/21/2022 11:35 AM
5	Well done	10/20/2022 9:53 PM
6	Thank you. I miss being with this team.	10/19/2022 11:41 PM
7	Good conferences	10/19/2022 1:06 PM
8	Nurse are the front line and do all the assessing and staging of wounds and surgical wounds. Whether they are healing or not. Unfortunately, more and more are found to have poor granulation with poor healing, not necessarily infection. Information on dressings and the need for change with the medical changes as well.	10/19/2022 12:39 PM
9	There was a lot of carbs during breakfast and lunch time. It would be appreciated if proteins were added : cheese, eggs, etc, but also more fruits and vegetables and salads, instead of pastries all day long. Thank you !	10/19/2022 8:06 AM
10	Conference well done. I was a virtual attendee and will have to see some of the sessions once they are archived as I still worked at my job.	10/19/2022 7:35 AM
11	Very nice to have french presentations	10/19/2022 7:32 AM
12	There should be more speakers and variation of topics	10/19/2022 7:08 AM
13	WELL ORGANISED CONFERENCE LOOKING FORWARD TO ATTENDING A PHYSICAL ORGINIZERS TO ASSIST IN TRAININGS OF HEALTHCARE WORKERS FROM AFRICA AS ITS HIGHLY NEEDED	10/19/2022 2:54 AM
14	it was so good to be back and see everyone again, this time from an acute care perspective. Thank you so much for putting on such a great conference	10/19/2022 1:42 AM
15	Excellent conference, very interactive with a variety of topic, lots of resources available	10/18/2022 9:38 PM
16	This conference was most disappointing compared to other countries. Why are attendees paying \$500+ when virtual is only \$75? Attendees also had to pay over \$400 per night to attend. Food certainly not worth attending for. Vendor fair was very poorly represented. ( Apparently the booth price was extortionate) On any given day there was only around 300 physically there, virtual attendance also dropped over the 3 days.	10/18/2022 9:23 PM
17	As an exhibitor, we had to arrange to ship our booth bins to Freeman via a separate courier. We used Freeman because the hotel would only accept shipments on set-up day. But to send everything back, Freeman provided a blanket quote that was 5 times the cost of FedEx (by ground! ) They could not even weigh the return packages, and didn't show up until long after the last exhibit time. More courier/shipping options are needed onsite, specially on a Sunday.	10/18/2022 7:08 PM
18	Loved every moment of the program,thank you for all that you do	10/18/2022 5:07 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

19	excellent conference. I appreciate being able to attend virtually, please offer this option again next year, thanks you guys did a great job !	10/18/2022 3:44 PM
20	The lunch was OK but would have liked a hot lunch for the cost	10/18/2022 3:21 PM
21	Awesome conference	10/18/2022 3:20 PM
22	all good	10/18/2022 3:08 PM
23	I liked the option of the virtual confrence	10/18/2022 12:17 PM
24	Excellent conference as usual; very well organized. I do love the option of hybrid as it's not always easy to access in person conference with lack of funding for travel from the health network; although I agree that networking is easier and more pleasant in person!	10/18/2022 11:23 AM
25	greatly enjoyed, but alot of information crammed together	10/18/2022 9:51 AM
26	Well organized. Enlightening lectures. Virtual hall well done.	10/17/2022 10:32 PM
27	excellent. I love the on line option	10/17/2022 9:10 AM
28	Overall great conference, the lunch can be improved to something hot instead of cold sandwiches.	10/17/2022 7:27 AM
29	Great conference	10/17/2022 4:10 AM
30	Thank you!	10/17/2022 1:13 AM
31	I personally found it disengaging to see the same people presenting multiple times as I think diversity in speakers is important for varying perspective	10/16/2022 8:23 PM
32	Enjoyable	10/16/2022 8:22 PM
33	Needs more hands in interactive training as well as more time for questions	10/16/2022 8:02 PM
34	Well done	10/16/2022 7:44 PM
35	Thanks for all the hard work and for hybrid version	10/16/2022 4:38 PM
36	Excellent content, well organized! Thank you! Please continue with the hybrid model as this makes it more accessible and affordable.	10/16/2022 3:50 PM
37	I learned a lot from the conference and I liked the attention to punctuality.	10/16/2022 3:32 PM
38	Thank you Excellent conference. I appreciate the opportunity to attend virtually. Please make this an option for future conferences as well , thank you.	10/16/2022 3:31 PM
39	you need to improve the logon procedure	10/16/2022 3:03 PM
40	The virtual platform was excellent. Very much enjoyed the "zoom" platform. Conference was easy to navigate and the website moving from conference speakers to virtual exhibit hall was well executed. I have gained knowledge , appreciated the review of wound management topics. I feel that I have walked away from this conference with new insights, ideas and goals for patient care that you don't always receive from other conferences. I encourage Wounds Canada to continue to incorporate this platform for learning with future conferences as it was very well done and provides opportunity for learning when in-person is not always an option. Thank you for your hard-work!	10/16/2022 2:35 PM
41	Poster presenters were required to attend in person. This was later changed when arrangements for travel had already been made. As a poster presenter I felt that posters were least important and just an expected "add-on" with little consideration of the presenters or companies that may have helped support their work.	10/16/2022 2:27 PM
42	After each course be nice to have someone state clearly we are having a break until this time or lunch break etc	10/16/2022 2:06 PM
43	Loved hybrid format. Further development of app as interactive potential. But loved the app- in general, just needs fine tuning	10/16/2022 2:04 PM
44	It was a very indepth learning conference.Great work to you all	10/16/2022 1:59 PM
45	none.	10/16/2022 1:58 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

46	Excellent conference. Kudos to the conference organizers and team.	10/16/2022 1:54 PM
47	very well presented and clear. it was interesting to see physicians disagree or contrast in their approach to lymphedema (wrt/ compression therapy, for example) and their respective rationales. more practical information on topics such as dressing type selection (critieria and rationale on what dressing to use when) and mattress or surface type appropriateness for specific patient needs and challenges would be useful	10/16/2022 1:53 PM
48	For the price of the conference, I would have liked paper and pens on the table or swag bag with supplies to take notes. Cold food lunch was definitely disappointing, I understand the box concept, perhaps having warmed boxed options would be good.	10/16/2022 1:51 PM
49	Thank you, see you next year!	10/16/2022 1:48 PM
50	Glad i could take virtually	10/16/2022 1:46 PM
51	See previous comments	10/16/2022 1:33 PM
52	excellent conference	10/16/2022 1:30 PM
53	See you next year	10/16/2022 1:30 PM
54	Really enjoyed the ability to network with other health providers and reps	10/16/2022 1:30 PM
55	Would love to see the conference to be held in b.c or alberta again :)	10/16/2022 1:03 PM
56	Lunches were tasteless and big buns with meat in were dried out and hard but overall conference was very informative thank you, much enjoyed	10/16/2022 12:06 PM
57	Great conference	10/16/2022 11:36 AM
58	As someone with an allergy to essential oils, the presence of the Sage representatives and level of scent at the event from multiple people wearing it triggered an allergic reaction for me 2 days in a row. Aside from the risk of anaphylaxis I spent 2 days feeling very unwell which had a marked impact on my ability to learn. Difficult to focus when you are struggling to breathe. I also found the hotel very expensive. I was fortunate to have the financial support of my organization otherwise it would have been cost prohibitive.	10/16/2022 11:17 AM
59	Thanks for a fabulous conference	10/16/2022 10:51 AM
60	Good job everyone!	10/16/2022 10:29 AM
61	I liked that the exhibit hall was open longer and sooner at this conference-felt less pressure to get to all the sites and was able to interact with sponsors longer.	10/16/2022 10:18 AM
62	Great session, looking forward to possibly attending in person next year.	10/16/2022 10:15 AM
63	Thank you for another excellent informative conference! Price was very high, but I acknowledge everything post COVID has changed. Access to hot drinks was poor, food: not the best, but that isnt why we are here!!!	10/16/2022 10:14 AM
64	great conference Well Done Wounds Canada	10/16/2022 10:12 AM
65	More time for exhibits. Not enough movement/ breaks. Food was much better at previous conferences	10/16/2022 9:56 AM
66	Lose the cow bell	10/16/2022 9:49 AM
67	Na	10/16/2022 9:33 AM
68	Thanks for such a warm and welcoming conference!	10/16/2022 9:17 AM
69	I enjoy the Wounds Canada webinars and conferences. They're very educational and well planned, thanks for a great learning experience!	10/16/2022 8:35 AM
70	This was my first conference. Thank you for making it a great one.	10/16/2022 8:34 AM
71	I would like if the wound conference can be 4 instead of 3 days	10/16/2022 12:59 AM
72	I appreciate the hybrid conference. Still not quite comfortable enough for in person. Also thanks for the topics that addressed how covid has affected us and our patients.	10/15/2022 11:45 PM
73	Great work!	10/15/2022 8:52 PM

## 2022 Wounds Canada National Fall Conference: Overall Survey

74	Overall an amazing conference, with lots of helpful resources and information. Great set-up with polls, videos, interactive options even for those who attended virtually. Good variety of topics!	10/15/2022 8:24 PM
75	Fantastic experience	10/15/2022 5:54 PM
76	Great conference. Thank you.	10/15/2022 5:29 PM
77	The in person venue was very expensive. It would have been better attended if it was more affordable.	10/15/2022 4:50 PM
78	The Power point presentations and polling questions were thought provoking	10/15/2022 4:29 PM
79	The Canada wound care conference was very informative and inspiring. Thank you very much.	10/15/2022 3:23 PM
80	Hope for better lunch next time	10/15/2022 11:27 AM
81	Great conference!	10/15/2022 10:48 AM
82	Very basic sessions, I was expecting more for the amount we paid for registration. I was disappointed. Not the conference WC normally puts on.	10/15/2022 9:26 AM
83	Good job	10/14/2022 3:27 PM
84	It was an informative conference	10/14/2022 2:17 PM
85	great organization, wonderful speakers and great clinical knowledge!	10/14/2022 2:08 PM
86	None	10/14/2022 1:43 PM
87	Great conference!	10/14/2022 1:34 PM
88	Great!!	10/14/2022 12:28 PM
89	The physical location is one of the worst. Difficult to access. Parking atrocious. Consider those who are coming from outside the GTA for future conferences please.	10/14/2022 12:09 PM
90	Great conference and always enjoy them yearly both virtually and in person!!	10/14/2022 11:19 AM
91	Very interesting	10/14/2022 10:17 AM
