***Vancouver – The Sutton Place Hotel – Sat., May 27***

**Members of the Canadian Association of Wound Care** are personally invited to register and attend the Third Annual **Skin Spectrum Summit** in one of our three host cities. Please join us at one of these landmark one-day educational conferences of GP/FPs, Nurse Practitioners, and Dermatologists, designed to provide better patient care for our diverse communities.

The 2017 Skin Spectrum Summit promises:

- Fresh new curriculum
- New and returning Canadian and International faculty

**EDUCATIONAL OBJECTIVES:**

1. Participants will learn about the different skin disorders in ethnic populations including the manifestations of common dermatological problems in these groups;
2. Participants will be able to improve their diagnosis of these conditions in a growing number of their patients; and
3. Participants will be given strategies and tools to better manage these patients and potential unique challenges that they may face in their treatment.

**WHY ATTEND?**

1. You will interact with and learn from worldwide thought leaders in skin science;
2. You will network and exchange experiences with a peer group of specialists, family physicians, nurse practitioners, and community health experts; and
3. You will enjoy a stimulating learning environment that includes poster displays, technical exhibits, buffet luncheon, continental breakfast, and a nutrition break included as part of the 2017 Summit.

**REGISTER FOR ONLY \$99.**
