0945: Activity: screening, gait and footwear

1100: Offloading plantar pressures (discussion and demos)

1200: Lunch, networking and product learning

1300: Activity: reducing plantar pressures through offloading

1515: Refreshment break, networking and product learning

1545: Activity: all other devices

1620: Wrap-up

### **Additional objective related to breaks:**

- Able to network with colleagues and exhibitors for process and product learning

### **Notes:**

- If you have a lab coat (or an old long-sleeved shirt), please bring it with you to use during the workshop. You will be applying plaster casts.
- Remember to print off and bring your WORKBOOK!
