

SKIN AND WOUND CARE EVENT FOR

Unregulated Care Providers*

Proper skin care is an essential part of preventing serious health complications. Improve your knowledge in preventative skin care and the management of skin breakdown.

Location:

RBC Convention Centre Winnipeg, in Winnipeg, MB

When:

May 10, 2018, 1:00 to 5:00 p.m.

Target Audience:

Unregulated care providers* and their managers

Topics include:

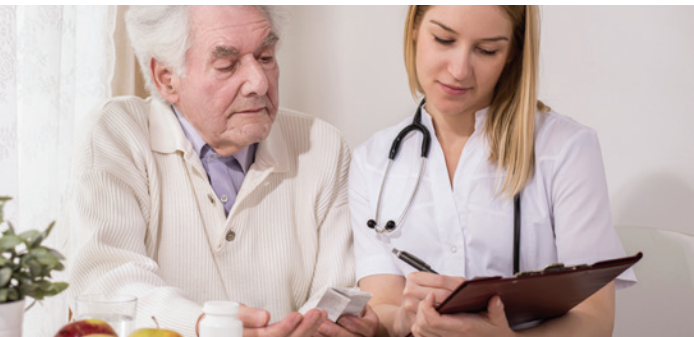

Preventative skin care related to:

- pressure
- circulatory issues
- minor trauma
- moisture
- thermal injuries
- skin and nail fungus

Together the faculty and students will explore topics such as: how to identify persons at risk for skin breakdown, and interventions to prevent skin breakdown in at-risk populations and what to do should they encounter skin breakdown. Students will gain insight on what to assess, when to inform, and how to carry out basic care for common skin conditions.
