ORAL POSTERS Oral Poster Session Moderator: Pamela Houghton Salon F</div>
3:55 – 4:40 pm	37. Plenary: Wound Jeopardy Presenters: Morty Eisenberg, Robyn Evans, Janet Kuhnke, Barbie Murray, Deirdre O'Sullivan-Drombolis, Kathleen Reid Ballroom 4/5				
4:45 – 7:30 pm	38.				

Nurse Nicole Moore shares her inspirational story of survival.

This session is intended for everyone, as we are all health advocates. Attendees will hear practical strategies that can be used to address barriers to care.

This session is intended for primary care physicians and nurse practitioners who are interested in learning more about these three challenging topics.

This session is intended particularly for community and long-term health providers who are managing venous leg complications.

These sessions are intended for clinicians and administrators who work in settings that provide care to people with diabetes. Taken together, the two sessions will provide a comprehensive overview of diabetic foot complications and how to address them.

These sessions are intended for administrators and wound care leaders looking to implement large-scale, positive change within their organization.

This session is especially appropriate for primary care physicians and nurse practitioners who have patients with burn wounds.

This session is intended for all clinicians who work in settings that provide care to people with pressure injuries, including spinal cord injured patients and the vulnerable bedbound.

Test your knowledge in a fun, team-based environment. Health-care providers at all levels and from all disciplines and settings will benefit from this fast-paced, fact-filled session.

Sessions 28 and 36: These sessions will explore the latest in research, practice, implementation, and more.
