# 1<sup>st</sup> Gulf Burn Management Conference المؤتمر الخليجي الأول للحروق

I am pleased to announce that the 1st Gulf Burn Management Congress (GBMC 2017) will be held on 22-23rd September 2017, at Metropolitan Hotel Dubai, UAE.

The 1st GBM Conference serves as a premier event on the International calendar to facilitate the development of Burn Injuries, providing opportunities for physicians, nurses, healthcare executives, physiotherapists, dieticians, researchers and clinical professionals to share clinical experiences, the latest cutting-edge research results, and technology innovations for clinical management.

A great platform will create meaningful opportunities for continued interaction among surgeons from different parts of the world and promote productive information exchanges and stimulate interesting and pertinent discussions. The networking opportunity that this combination will provide is tremendous.

We will continue building on these important relationships and partnerships that will strengthen the vision and mission of the Gulf Burns Management Academy and its future in the region.

Lastly, we hope that all our attendees will share a memorable experience and enjoy their time in Dubai, United Arab Emirates.

Dr Marwan Al Zarouni  
Conference Chairman

# 1<sup>st</sup> Gulf Burn Management Conference المؤتمر الخليجي الأول للحروق
