

# Your wound care partner every step of the way.

Wound healing can be a complex journey. As patients transition between care settings, they rely on you for consistent, quality care—and you can count on 3M to deliver science-based solutions to support you.

## Case study: Infected diabetic foot ulcer

Image at left is at presentation. Image at right was after amputation, debridement, intravenous antibiotic therapy, and 10 weeks with 3M™ Veraflo™ Therapy and 3M™ ActiV.A.C.™ Therapy System. After 3M™ V.A.C.® Therapy was discontinued, 3M™ Promogran Prisma™ Wound Balancing Matrix was applied to facilitate wound closure.

The results speak for themselves.
