The Canadian Association of Wound Care is a non-profit organization of health-care professionals, industry participants, patients and caregivers dedicated to the advancement of wound care in Canada.

The CAWC was formed in 1995, and its official meeting is the CAWC annual conference held in Canada each year. The association's efforts are focused on five key areas: public policy, clinical practice, education, research and connecting with the international wound-care community. The CAWC works to significantly improve patient care, clinical outcomes and the professional satisfaction of wound-care clinicians.

L'Association canadienne du soin des plaies est un organisme sans but lucratif regroupant des professionnels de la santé, des gens de l'industrie, des patients et des membres du personnel soignant fortement intéressés à l'avancement des connaissances pour le soin des plaies au Canada.

Fondée en 1995, l'ACSP organise, chaque année, au Canada, un congrès qui lui tient lieu de réunion officielle, le Congrès annuel de l'ACSP. L'association consacre ses efforts dans cinq domaines particuliers : les politiques gouvernementales, la pratique clinique, la formation, la recherche et la création de liens avec la communauté internationale directement impliquée dans le soin des plaies. L'Association canadienne du soin des plaies vise une amélioration significative du soin donné au patient, des résultats cliniques et de la satisfaction professionnelle des spécialistes en soin des plaies.

# Think of it as gauze made smarter

- Facilitates nontraumatic removal
- Creates a moist wound healing environment
- Fibers trap bacteria<sup>2</sup>
- Reduces the likelihood of maceration<sup>3</sup>

## Unique gelling action of Hydrofiber<sup>®</sup> Technology absorbs and locks in exudate and bacteria.<sup>2</sup>

- Gentle for patients—gelling action is designed to prevent dressing from adhering to wounds
- Absorbs and retains more fluid than gauze<sup>1</sup>
- Provides longer wear time and fewer dressing changes than gauze

For more information, call the ConvaTec Customer Relations Center at 1-800-465-6302, Monday through Friday, 8:00 AM to 7:00 PM (EST), or visit our Web Site at [www.convatec.com](http://www.convatec.com)
