Président émérite**

Gary Sibbald, MD

**Interim Executive Director/  
Directeur exécutif intérim**

Sue Rosenthal

The Canadian Association of Wound Care is a non-profit organization of health-care professionals, industry participants, patients and caregivers dedicated to the advancement of wound care in Canada.

The CAWC was formed in 1995, and its official meeting is the CAWC annual conference held in Canada each year. The association's efforts are focused on five key areas: public policy, clinical practice, education, research and connecting with the international wound-care community. The CAWC works to significantly improve patient care, clinical outcomes and the professional satisfaction of wound-care clinicians.

L'Association canadienne du soin des plaies est un organisme sans but lucratif regroupant des professionnels de la santé, des gens de l'industrie, des patients et des membres du personnel soignant fortement intéressés à l'avancement des connaissances pour le soin des plaies au Canada.

Fondée en 1995, l'ACSP organise, chaque année, au Canada, un congrès qui lui tient lieu de réunion officielle, le Congrès annuel de l'ACSP. L'association consacre ses efforts dans cinq domaines particuliers : les politiques gouvernementales, la pratique clinique, la formation, la recherche et la création de liens avec la communauté internationale directement impliquée dans le soin des plaies. L'Association canadienne du soin des plaies vise une amélioration significative du soin donné au patient, des résultats cliniques et de la satisfaction professionnelle des spécialistes en soin des plaies.

# Experience Conv-e-Learn complete clinical education

## Interactive e-learning at your own pace

### Wound Therapeutics: h.e.a.Learning PRO\*

- **Facilitate** learning with interactive case studies
- **Enhance** your wound care knowledge to improve patient outcomes
- Identify **critical steps** to help you assess and successfully manage different types of wounds

### Ostomy Care: Canadian Ostomy Assessment Guide COAG 360°\*

- Access **complete ostomy care** information from pre-surgery to continuing lifestyle
- View leading healthcare professionals who provide **insights and tips**
- Assess patient needs and obtain product solutions with **tailored algorithms**

### Fecal Incontinence Management (FIM)\*

- Experience the **first and only** FIM Online Education Program in Canada
- Learn how to determine the optimal method for fecal containment to meet patient care goals
- Access training modules developed by an APRN CWOCN

## Log on to: [www.convelearn.ca](http://www.convelearn.ca)

- Available in English and French
- Complete multimedia interactive online education
- Nurse-oriented for practical learning
- User-friendly interface
- In-practice questions and tests included
- Certificates issued upon completion

To learn more about Conv-e-Learn, contact your ConvaTec Territory Manager at 1-866-331-3134 or the ConvaTec Customer Relations Center at 1-800-465-6302 or [convatec.canada@convatec.com](mailto:convatec.canada@convatec.com)
