**Special Issues**

**Welcome!**

Dear Readers, We are pleased to bring you the digital magazine of the Canadian Association of Wound Care. Published quarterly, it is Canada's only peer-reviewed journal dedicated to wound care. It is intended for health professionals seeking credible information regarding wound management.

WoundCare Canada focuses on all aspects of acute and chronic wound care, from prevention to treatment. The range of articles presented includes:

- Case Presentations
- That transform clinical practice in wound care.
- Original Research
- Reviews of the latest evidence of our programs or services, ideas, insights in practical approaches to wound care.
- Guest Manuscripts
- Call for abstracts
- Letters to the editor
- Books reviews
- Meetings and news
- Product reviews
- Information on other clinical research journals.

Canadian Association of Wound Care (CAWC) invites you to submit your manuscript to the journal.

**Breaking News**

Healthcare providers across the country are reducing their cost of the Canadian Association of Wound Care by approximately 10% each year. Beginning with the 2012 issue, the Canadian Association of Wound Care will be publishing its journal online. This will reduce the cost of the magazine.

Now that we have the digital version of the magazine, we are able to offer more features. If you would like to receive the magazine in print, you may do so for an additional fee. Please contact the Canadian Association of Wound Care for more information.

However, an emergency cash withdrawal is required.
