

Cardinal Health™ NPWT PRO Family

From high-performing products that allow for compassionate patient care to smart business options, Cardinal Health Canada is with you and your patients every step of the way, from the hospital to the home.

Features

- ✓ Our NPWT is affordable and provides active therapy for less than you would pay for passive advanced wound care dressings. This means faster outcomes and cost savings.
- ✓ Cardinal Health™ Pro family of devices provides support across the continuum of care – from hospital to home.
- ✓ The Pro family of devices provide innovative design and product improvements including variable pressure and simultaneous irrigation.
