

# Waiting hurts. Let's heal more together.

Our **one-touch portable canister therapy** helps you to confidently deliver the results your **patients deserve**.

## No wait times.

Delays in therapy may risk patient outcomes or lead to inferior treatment plans.

## Treat more of your patients.

Limited resources puts growing patient population at increased risk.

## Simplify your workflow.

Reduce pressure on staff and hospital by streamlining therapy delivery.

## Reduce inventory complexity.

Our devices share similar designs and user interfaces to help deliver a seamless experience for you and your patients.
